## HOW TO MEASURE YOUR DOG

### **LENGTH**

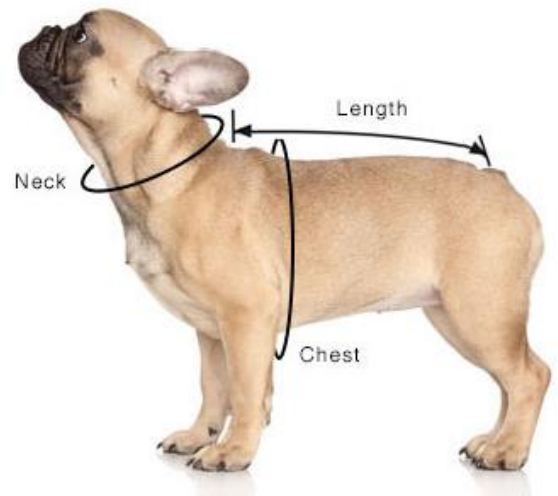

Measure from the base of the neck (where the collar would sit) to the base of the tail along the back bone.

### **NECK**

Measure around your dog's neck where their collar sits.  
(Tip: If you don't have a measuring tape try using a piece of string and then measure the string with a ruler).

Measure right around the body from behind the front legs around the deepest part of your dog's chest.
