Introduction

Each book in the *Power Practice*[™] series contains dozens of ready-to-use activity pages to provide students with skill practice. Use the fun activities to supplement and enhance what you are already teaching in your classroom. Give an activity page to students as independent class work, or send the pages home as homework to reinforce skills taught in class. An answer key is provided for quick reference.

The creative activity pages in *Cursive Handwriting* provide an ideal way for students to enhance their handwriting and practice recognizing and forming capital and lowercase letters. As students complete the activities, they will improve their handwriting as well as review these topics:

- states and capitals
- compound words
- parts of speech
- alphabetical order
- antonyms and synonyms
- habitats
- solar system
- plants

Use these ready-to-go activities to “recharge” skill review and give students the power to succeed!
