SLE200G/2

ProClub Line Leg Extension

When you're ready to build muscular legs and stronger knee joints, the Leg Extension Machine is ready to help you meet your goals. The exceptionally strong mainframe combined with a specially contoured DuraFirm™ thigh pad and biomechanically exact movement pattern provide a smooth, solid feel and immediate response. Precise pivot point alignment and center-drive, variable resistance cam design deliver the smooth and powerful response you expect. Recumbent DuraFirm™ back pad adjusts for all-size users and eliminates lower back strain while allowing full range of motion. Pop pin adjustable foot pads assure proper alignment. Hold down grips provide ultimate stability for a worry-free workout. No compromises here, this machine was engineered to deliver strength, comfort and safety.

Dimensions: 42"L x 39"W x 72"H

Special Features

- Commercial rated
- 2"x4" high-tensile strength steel mainframe
- Double, powder coat finish protects against scratching, chipping and peeling
