Bar, Collars and Weights sold separately

SOSB250 Shoulder Press Bench

The full-commercial Pro Clubline SOSB250 Shoulder Press Bench is designed to meet any facility's requirements. It's 2"x3" heavy-duty 11-gauge steel mainframe construction with solid lift-offs and durable double-stitched upholstery will stand up to the heaviest weights. The adjustable safety stops and integrated spotter platform ensure maximum safety during heavy lifts. Multiple lift-off and racking positions allow any size user to perform safe and effective shoulder press movements. The composite lining on the bar catches protects your bar and your bench. Premium commercial components ensure dependability and reliability even in heavy use, high-traffic gyms and clubs.

Weight: 171 lbs.
Dimensions: 49.5"L x 49.6"W x 72.2"H
