# THE HISTORY OF **Shure** MANUFACTURING CORPORATION

## *Our* Founder

JOSEPH A. RICHARDSON

Shure dates back to 1910 when Richard C. Richardson and a partner operated an architectural sheet metal workshop in St. Louis, Missouri. In 1920, Richard's son, Joseph A. Richardson, joined his father as a sheet metal craftsman. He later became a registered professional engineer and industry leader.

In the early 1930's, Joe joined Anheuser-Busch where he worked on the fabrication of metal ice cream cabinets and beer dispensing boxes. In 1938, Joe and a friend leased a Texaco service station. The business taught Joe how to best merchandise and sell tires, batteries, accessories and automotive service. The sideline business later formed the basis for the direction of Shure Manufacturing Corporation.

In December 1941, Joe joined with Samuel J. Shure in St. Louis to start a metal shop. As World War II began, the company focused on war related products such as airplane parts, fire extinguishers and stove cabinets.

After the war, Joe relied on his automotive experience and was asked to assist another St. Louis company in filling a contract for General Motors. Samuel and Joe were given an order to manufacture high-quality, enamel finished workbenches, cabinets, merchandise displays and desks for General Motors dealer service centers.

Eventually, Shure began to assist national accounts, such as Shell Oil Company, Texaco Inc., Conoco Inc., Firestone and Chrysler to supply retail sales and shops with productive and image related merchandising furniture fixtures and cabinetry. Shure supported and continues to support independent automotive and equipment distributors, as well as national account programs.

While Shure's focus on the automotive industry has not changed, the industry has changed dramatically. Through the years, Shure's product lines have developed and expanded into new markets, to include a full line of workbench systems, storage cabinets, tool storage cabinets, cart systems, tire service equipment and various shop equipment, as well as shelving and storage solutions.

As a third generation family owned and operated company, Shure's personal touch continues to be the hallmark for customer interaction.

# SHURETECH® Bench System

The **SHURETECH® Bench System** provides a "home for everything". Through its modular design, individual cabinets and specialty storage can be selected and configured based upon your needs. This also allows you to make benches longer or shorter to suit your desired work area. All **SHURETECH®** products can be customized to meet your size requirements. Bench tops are sold separately on any individual **SHURETECH®** components shown in this catalog.

**ALL SHURETECH® stationary tool storage cabinets include full-extension 400lb. capacity locking drawers with liners and leg levelers.**

Dividers & Partitions  
Available

**CUSTOM SIZES

## EQUIPMENT WARRANTY

Please Contact Us For Color Samples.

Shure Manufacturing Corporation extends to the original purchaser of Shure products, a lifetime warranty against manufacturing defects in material and / or workmanship. If it is determined that a product, part or component is defective due to manufacturing defects in material and / or workmanship, it will be repaired or replaced at Shure's discretion. It is expected that the products are to be utilized for their intended purpose under normal workplace conditions. Products that have been subject to abuse, misuse, negligence, or have been damaged in shipment, storage, or installation, have been used outside their intended purpose, or have been modified in any manner, will void this warranty. Shure's standard 13 month warranty will apply to all purchase parts and components including, but not limited to, gas shocks, locks, keys, door hinges and other various components. This warranty does not include the cost of any labor or other costs incurred pertaining to routine service, maintenance, installation, removal, replacement, shipping or handling of any defective or replacement parts or complete units. This warranty is exclusive and exists in lieu of all other warranties, either expressed or implied. All claims for warranty service must be submitted in writing. Provide a copy of your purchase record and a written description of the warranty problem.

# TERMS AND CONDITIONS

## **PRICES & CONDITIONS**

The prices & specifications shown herein are subject to change without notice, except when covered by specific contracts. Prices in effect at time of shipment will apply. All orders are subject to acceptance by Shure Manufacturing Corporation, prior to sale & to availability of materials. In addition, orders are accepted subject to strikes, accidents & other delays unavoidable or beyond our control. Clerical errors are subject to corrections. Items are subject to cancellation by Shure Manufacturing Corporation without notice.

## **QUOTATIONS**

All quotations made are informational only & do not constitute a contract. Prices are based upon our understanding of your requirements & specifications.

## **TAX**

Federal, municipal, state sales and / or use taxes will be charged where applicable unless your tax exemption certificate is furnished to us.

## **CREDIT TERMS**

Regular terms of sale are cash in advance. However, a customer's credit rating or credit experience may be satisfactory for open account transactions. New customers wishing to apply for an open account should submit a credit application with the most recent audited financial statement & four current trade references. Contact Shure to receive a credit application. Banks do not make suitable trade references. Allow sufficient time for credit check. The minimum order charge is \$15.00. Shure will accept credit cards (Visa & MC) & all credit card charges in excess of \$3,000 will be subject to a 3% convenience charge. Orders for "Custom Manufacturing" or "Engineered to Order" may require an advance payment deposit or complete payment prior to shipment. Shure's quotation will specify the deposit requirements. These orders are non-cancelable after production has begun & are non-returnable. Shure's sales quotations will outline the advance payment requirements.

## **INTERNATIONAL CREDIT TERMS**

International exports will require full payment in advance of shipment unless otherwise negotiated & agreed to by Shure.

## **SHIPMENTS**

All shipments are made F.O.B. Shure Manufacturing Corporation, 1901 West Main Street, Washington, MO 63090. Transportation charges will be prepaid & added to your invoice unless otherwise requested & agreed upon. A service charge of \$10.00 will be added for all prepaid shipments. At times it becomes necessary to back-order items to give you the best service. We do not assume any responsibility for extra transportation charges. All shipments include the necessary hardware to completely assemble each unit.

## **CANCELLATIONS**

Orders cancelled after being entered & are in the process of being manufactured are subject to a cancellation charge. Engineered to order "custom manufacturing requests" are non-cancelable.

## **TITLE & RISK OF LOSS**

Title & risk of loss passes to Buyer upon delivery of the goods at the delivery point. As collateral security for the payment of the purchase price of the goods, buyer hereby grants to Seller a lien on & security interest in & to all of the right, title & interest of buyer in, to & under the goods, wherever located, & whether now existing or hereafter arising or acquired from time to time, & in all accessions thereto & replacements or modifications thereof, as well as all proceeds (including insurance proceeds) of the foregoing. The security interest granted under this provision constitutes a purchase money security interest under the Missouri Uniform Commercial Code.

## **RETURN SHIPMENTS**

Return shipments will not be accepted without written authorization from the company. Returned merchandise is subject to a minimum 15% handling & restocking charge, plus necessary repair and / or refinishing costs. No cash refunds. Reimbursements will be given as credit to customer's account. All return shipments must be shipped freight prepaid.

## **DAMAGED SHIPMENTS**

All Shure products are carefully & securely packed in accordance with carrier requirements. The receipt of our merchandise by the transportation company ends Shure's responsibility. However, for your protection, before accepting any shipment, examine it carefully. If there is evidence of damage or shortage, insist that the delivering carrier make suitable notation to that effect on the freight bill before signing. If, after receipt of shipment, concealed damage is discovered, notify the carrier immediately. Caution: When you give the delivering carrier a clear receipt for a shipment in which there is damage or shortage, the carrier is relieved of further responsibility. Any claim for damage, shortage, loss or delay must be filed by you with the delivering carrier within ten days of receipt of shipment. Your recourse is with the delivering carrier.

## **ORDER DELAYS**

Any order that production has begun may be subject to warehouse storage fees.

## **CUSTOMER INITIATED ORDER REVISIONS**

Customer initiated order revisions will be reviewed on a case-by-case basis to determine if additional charges or manufacturing lead time extensions are required. Contact your Shure Regional Sales Manager with any questions regarding order revisions. Order revision requests initiated by the customer must be submitted by the customer in writing. These requests will be reviewed on a case-by-case basis to determine the feasibility, applicable additional charges, and whether or not manufacturing lead time extension is required. Contact Shure Customer Service with any questions regarding order revisions.

## **CUSTOMER INITIATED SHIPPING DELAYS**

Customer initiated shipping delays within 14 days of the originally established shipping date will result in an invoice issued for payment. The invoice will be issued on the originally established shipping date with actual freight charges to be billed after the order is shipped. Additionally, storage charges will apply for all orders delayed greater than 14 days from the originally established shipping date.

## **REQUEST FOR A RETURN OF GOODS**

Shure will not accept any returned shipments without pre-authorization by Shure. Requests to return products will be reviewed & determined on a case-by case basis. All Shure orders are painted to customer's purchase order specifications & generally "configured" to the customer's facility requirements. Any authorized returned products are subject to a restocking & handling charge, plus any necessary repair and / or refurbishing costs. There are absolutely no cash refunds. Any authorized refunds will be issued as a credit. Any authorized return shipments must be shipped directly to Shure's Washington, Missouri location freight prepaid.

## **DELIVERY INTERVAL**

Shure Manufacturing Corporation is committed to providing high quality products & appreciates receiving purchase orders with sufficient production lead-times. All Shure products are considered "Custom Manufactured" as all products are painted to order. Manufacturing & production lead times & deliver intervals vary by product type, quantity ordered & current production schedule. Requests for expedited delivery intervals will be evaluated on a case-by-case basis & are dependent upon product type, quantity ordered & current production schedule. Note: Product design & specifications of all products in this catalog or quote are subject to change without notice.

## **INVOICE PAYMENT**

Shure invoices are payable in US Dollars.
