FAQs

What is the difference between the Highline Single Pendant and the Triple Pendant?

The Highline Pendant comes in a single pendant model, and a triple pendant model with three pendants.

Does this fixture allow for continuous dimming?

The Highline Single and Triple Pendant can be controlled by a wall switch with an ELV dimmer.

What length can the pendants be hung at?

The cable is adjustable with the included cable adjuster retainer screws and the cable adjustment retainer. Please adjust the cable before connecting the fixture to a power source. The Highline Triple Pendant's maximum length is 39.8". The Highline Single Pendant's maximum length is 52.5".
