LUX HIGHLINE DESK

The LUX Highline LED Desk Lamp features both upward-facing and downward-facing illumination, ideal for desks in darker rooms where ambient lighting may be required. The lamp features two USB charging ports, suitable for charging high capacity mobile phones and tablets, as well as touch-sensitive activation with 3 lighting levels. At full power, the LUX Highline LED Desk Lamp emits 600 lumens to the desk surface, and splashes 300 lumens of ambient light upwards.

FINISHES: Matte Black and Copper
