

## Men's grooming round up

Let's face it the [beauty](#) world is tipped towards the ladies. It's an obvious reason since more prioritize this. However, there has been an increase in men who are truly taking care of their skin and outward appearance. The market is now being flooded with options and those will help sort through the latest lunches and products.

[Yes To](#) has expanded its line to reach into the men's aisle. Men deserve the naturals [Yes To](#) offers. Tailored to a man the [Shaving Cream](#) (\$9) has a unique calming aloe and vitamin E to help achieve a close shave. [Shower To-Go](#) (\$6) is for the man who lives out of his gym bag. The cleansing cloths will refresh him and maybe give him excuses as to why he does not have to shower. The [Yes To](#) men's line is extensive and has all products men don't know they need.

[Marlowe](#) is a sleek, modern, urban men's line of bath products that won't break the bank. In simple packaging, these products will not intimidate him. The [Men's Facial scrub](#) (\$8) helps to slough away dead skin to be used before [shaving](#) to achieve even closer shaves. There is an accompanying [Body Scrub](#) (\$8) or [Scrub Soap](#) (\$5) that both scrub away dead skin and leave a smooth finish. For whatever a man's skin need is, [Marlowe](#) has a line to help combat and help with it.

For years [Old Spice](#) has been the hardest working men's line of bath products. However, they are officially declaring it. From [Hair Wax](#) (\$9) to [Body Wash](#) (\$10) the newest line has a variety of scents that gets the job done. Working overtime, the [deodorant](#) (\$6) will keep men fresh all day. This addition is welcomed to the line as it is perfect for the busiest, dirtiest guys.
