### Best Hand Lotion

**Editors' Pick Winner:** [Fresh Seaberry Nourishing Hand Cream](#)

**Why:** For plump, soft, moisturized hands, this cream is a revelation. It does all that and more without any sticky or greasy residue, and it has a subtle spa-like scent that's pretty without being too much. Even hand cream skeptics will be converted.

**Honorable Mention:** [Marlowe No. 023 Hand Cream](#)

**Readers' Choice Winner:** [Eucerin Intensive Repair Extra-Enriched Hand Creme](#)

**Why:** "A pea-sized amount covers both my hands, and the cream spreads evenly, moisturizes well, and sinks in to provide completely non-greasy comfort. The texture is rich and silky-soft, and my skin is so soft, hydrated and comfortable."

**Honorable Mention:** [L'Occitane Shea Butter Hand Cream](#)
