QUALITY AND FOOD SAFETY POLICY

At Rain Forest Water RFW SA we are committed to:

- Ensure strict quality and safety standards in the artesian water that we bottle,
- Comply with all legal and regulatory requirements, as well as the requirements of our clients in terms of quality and safety,
- Deliver products that satisfy the customer every time,
- Apply reliable procedures in the process of filtration, disinfection, bottling and packaging of water to ensure safe and quality products,
- Maintain fluid communication, both internally and externally, that allows us to respond to the demand for information related to the quality and safety management system of the artesian water that we bottle,
- Provide staff with the necessary and up-to-date training in terms of quality and safety that allows them to achieve the necessary competence to carry out their tasks,
- Maintain interactive communication to promote continuous improvement of the quality and safety management system through improvement proposals from our staff and customers,
- Establish and review the objectives of the company that allow us to continuously improve as individuals and as a team,
- Promote the culture of quality and safety of food.

Management undertakes to review this policy annually and make the necessary adjustments to the Food Safety and Quality Management System, to ensure that it complies with all legal requirements, that artesian water continues to be bottled with the strictest quality standards and safety and that the efficiency of the system is continuously improved.
