

## LEATHER COLOUR SWATCH – AUGUST 2017- INCL NEW COLOURS

Please note that the swatch colour here is only indicative of the leather colour. Each hide as it is tanned is subject to colour variations. Leather by nature of being a natural material has marks, slight creases and fl and varied colour. We use premium leather but variations may occur. It is impossible to guarantee the colour match to the swatch and please note that monitors also vary the way colour is presented. Colour availability may also vary, we recommend choosing two colours. Please note this swatch will view differently on various monitors and the colour is indicative only.  
We can not guarantee supply of all colours at all times.

**LAMBSKIN:** lightweight, soft and supple with minimal texture

**EXTRA COST APPLIES TO GOAT & COW LEATHER**  
**GOATSKIN:** thicker than lamb, more texture, lighter than cow and durable

**COWHIDE:** thick, firmer, textured and heavy duty.  
Better for long lasting bags and totes
