Product Data Sheet

Strawberry Banana Creme

Description:

It's common knowledge that the strawberry and banana belong together. This blend just includes a dash of cream to keep everything interesting. The resulting experience is a blissful free float down a kaleidoscopic swirl of red and yellow against a white background. The puckered berry sting is playfully sheathed in a friendly, plantain touch before plunging deep into a lake of richly heated, churned-milk custard. Strawberry Banana Creme's simple approach takes the unsullied sweetness of a dairy base and bespeckles it with more-than-welcome fruity notes.
