

# MobileDetect Pouch

Presumptive Drug Field Tests

DetectaChem

**MAC7**  
PROACTIVE NOT REACTIVE

## Quick Specs

### General:

- Automated Colorimetric Technology
- Handheld Field Tests
- Two Options:
  - Use pouches as standalone
  - Use with Mobile App for automated detection
- Broad Range Detection
- No Calibration

### Sampling:

- Removable Swab for acquiring sample or particulate
- Non-Visible (trace) and Bulk

### Detection:

- Contact Detectachem for latest list of detected substances.
- Sensitive detection down to the low nanograms
- Instant analysis and detection

### Operation:

- Simple pouch operation: 3-steps: Swab, Crush, and View Results
- Guided instructions through the MobileDetect App
- App with built-in warnings, alerts, and focus/balancing
- Sealed system, easy crushing

### App Requirements:

- Most iOS/Android Devices supported (iOS 8.0 or later)
- Camera flash recommended
- Access Code can be purchased for access to automated detection

### Hardware Available:

- Apple® iPad Mini
- Apple® iPod Touch
- Android Options

### Reporting /Logging:

- Tests saved on MobileDetect App with test info
- Notes, Additional Pictures, Test Details, timestames, GPS location and map, and more
- PDF report generation
- Sharing via built-in iOS/Android methods: email, txt, dropbox, print, drive, etc

**MobileDetect Pouch** from DetectaChem brings presumptive drug field testing to the masses. The patent pending design allows for trace and bulk detection capabilities using the integrated swab and proven colorimetric reagents. The MobileDetect Pouch is a cost effective and powerful tool for presumptive drug detection.

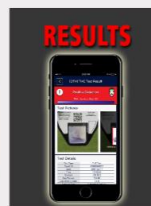

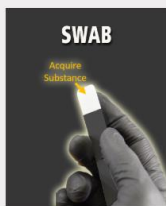

### Users:

- Correctional Facilities
- Law Enforcement
- Schools or Educational Institutions
- Search and Seizure Teams
- Entry Control and Checkpoints
- Private Security
- Personal or At-Home Use
- **Presumptive Drug Field Testing**

- ✓ Reliable Colorimetrics
- ✓ Results in Seconds
- ✓ Trace & Bulk Sampling
- ✓ Easy to Interpret Results
- ✓ Removable Sample Swab
- ✓ Patent Pending Design

Plus Get Automated Detection with MobileDetect App on Smartphone

The Easy-To-Use Pouch Offers Trace and Bulk Detection Capabilities

Detectachem stands at the forefront of portable detection with features specifically requested by end users in the US DOD, law enforcement, and government agencies around the world. The MobileDetect Platform is the latest line of products that offers a powerful cost-effective solutions to address many of the shortcomings of current detection technologies in the market today.

## Quick & Easy Detection For:

- **Narcotics:** such as Heroin, Morphine, Fentanyl
- **Stimulants:** Such as Cocaine, Amphetamines, Meth
- **Depressants:** such as Barbiturates, Rohypnol
- **Club Drugs:** such as Ecstasy, Ketamine, GHB
- **Designer Drugs and Synthetics:** 2C-x, K2/Spice, 25-NBOM
- **Other Drugs of Concern:** such as THC or bath salts

## AUTOMATED DETECTION ON YOUR SMARTPHONE

MobileDetect from DetectaChem is the next evolution of products following DetectaChem's top-selling SEEKER line of handheld automated colorimetric detection devices. DetectaChem's detection engine that powers the MobileDetect app enables automated colorimetric detection with a smartphone as an orthogonal approach in presumptive testing of substances of interest.

- ✓ Automated Colorimetric Detection
- ✓ Results in Seconds
- ✓ Build and Share Advanced Reports
- ✓ Log and Save Tests with extra details

## MobileDetect Pouch Ordering

ID	Pouch Name	Presumptive Test For
DGS	General Screening Test	Heroin, MDMA, Codeine, Meth, Amphetamines, Oxycodone and more
DHE	Heroin Test	Heroin: Black Tar Heroin, White Heroin, Brown Heroin; Opiates: Morphine, Codeine; Ecstasy (MDMA)
DME	Meth/MDMA Test	Methamphetamines, Ecstasy(MDMA)
DSO	Special Opiates Test	Buprenorphine (Suboxone), others
DMR	Mandelin Reagent	Amphetamines, others
DTH	THC Test	THC, Hashish, Hash Oil
DCO	Cocaine Test	Cocaine HCL, Free-base, "Crack"
DKE	Ketamine Test	Ketamine
DGH	GHB Test	GHB
DLS	LSD Test	LSD, Indoles: AMT, DMT, 4-AC0-DMT, 5-MEO-AMT, 5-MEO-MIPT, others
DPC	PCP Test	PCP
DBE	Benzos Test	Benzodiazepines: Rohypnol, Xanax, Valium
DSY	Synthetics Test	Synthetic Cannabinoids, BZP, others
DMU	Mushrooms	Psilocin, Psilocybin
DEP	Ephedrine Test	Ephedrine
DBA	Barbiturates Test	Barbiturates

See [MAC-7.com](http://MAC-7.com) for latest pouches and pricing.

## Pouch Detection Packs

ID	Pack Name	Presumptive Test For
DF1, DF2, DF3	Fentanyl Pack: Fentanyl Test 1, Fentanyl Test 2, Fentanyl Test 3	Fentanyl
DB1, DB2	Bath Salts Pack: Bath Salts Test 1, Bath Salts Test 2	Methylone, Butylone, Ethylone, MDPV, Mephedrone (4-MMC), Cathinone, Methcathinone, A-PVP (Flakka)
DD1, DD2, DD3	Designer Drugs Pack: Designer Drugs Test 1, Designer Drugs Test 2, Designer Drugs Test 3	COMING SOON
DA1, DA2	Abused OTC Pack: Abused OTC Test 1, Abused OTC Test 2	COMING SOON

See [MAC-7.com](http://MAC-7.com) for latest pouches and pricing.

### Kits & More

Pouches also sold in kits for protective portability and easy identification. Several kit options available. Detectachem also offers hardware pre-loaded with MobileDetect. Contact for details.

### (MDRK) MobileDetect Ready Kit

- Mix of 30 Pouches
- Optional Hardware: Such as the Apple® iPod Touch/iPad Mini Rugged Pelican® Case for storage
