<b>Canister Material</b>	Seamless Aluminum Rated 2Q	

**MK-3 BOV Ballistic Stream:** The MK-3 BOV and its new innovative delivery system have changed the playing field in favor for law enforcement personnel across the country. The Bag-On-Valve actuator assembly allows the unit to discharge from any angle or position, may it be sideways, upside down or even shooting straight up from a prone stance. The MK-3 BOV gives the law enforcement professional tactical versatility along with the desirable controlling force provided by Guardian Protective Devices. It is perfect for prisoner cell extractions, controlling crowds, pre-entry, and area denial situations. You can feel comfortable either engaging multiple targets or picking out individuals. Guardian provides its user with the enhanced tools to gain the Tactical edge, and now with the new addition of the Bag-On-Valve delivery system, that edge just got sharper.

<b>Delivery</b>	Bag-On-Valve Ballistic Stream			
<b>Effective Range</b>	Up to 15ft			
<b>Formulation Weight</b>	1.2oz/35 grams			
<b>Stock Number</b>	FT01CS-BOV	FT02CS-BOV	FT03CS-BOV	FT04CS-BOV

<b>Scoville Heat Units (SHU)</b>	500,000	2,000,000		Zero

**Formulation:** Oleoresin Capsicum (OC) combined with a **Non-Flammable carrier**. Guardian Protective Devices™ sprays are safe for use with Electro Muscular Disruption (EMD) technology, such as Taser™. UV dye added for easy identification, putting the subject at the scene of incidence.

OC + CS blends are available, custom blends upon request to meet your department requirements.

**Safety:** The Flip-Top has a protective, spring-loaded, plastic safety cover. The integrated safety cover prevents accidental discharge and conveniently moves out of the way for unobstructed access to the actuator when used.

**Labeling:** All canister labels are wearing water-resistant and contain the following data:

- Individualized Serial Numbers
- Active Ingredient
- Date of Manufacture
- Date of Expiration
- Lot / Batch Number
- Stock Number
- Decontamination Instructions

**Packaging:** Department of Transportation (DOT) approved commercial packaging.

MAC 7 and Inert Products work with personnel within various areas of conflict to bring forth the most up to date and complete training packages available today. Backed by Inert Products' vast training aid inventory, there is no other course offered today with comparable benefits.
