MK-9 High Intensity Fog: The MK-9 with the Fog delivery system helps implement a wide dispersal pattern to take on large groups of combatants. It's useful for pre-entry situations and area denial against the enemy. The Fog pattern is also great for clearing larger cells or prison day rooms. When it comes to crowd control the **MK-9 Fog** is the best tool for the job. Recommended carry is a thigh holster or tactical vest for quick deployment.

Accessories

Hose and Wand Adapter: With the wand attachment the user can apply controlling force under doors, cell openings, holes, windows and etc. It is excellent tool for Corrections, Swat and Military teams. **Stock No: CE-WAND**

Drop-Leg MK-9 Holster: With the drop-leg holster, the MK-9 unit can be tightly secured and worn along the outer thigh for easy tactical transitions. **Stock No: WEB9-DL**
