Armchair, sofas and day bed available for **indoor** and **outdoor**, both in the **"Light"** version - structure only - or with weaving in the materials available in the collection.

Indoor version: tubular steel frame Ø25mm with epoxy powder coating gunmetal color, woven with full background motif, warp and weft, in cellulose cord. Seat chassis in tubular steel, section 40x30mm, with epoxy powder coating, screwed to the structure, sprung with coated rubber elastic straps with padding in polyurethane foam covered in 100% polyether thermally bonded onto a polyamide velveteen backing.

Seat cushions, in different density polyurethane foam, and bolster cushions for backrests and armrests, in polyurethane foam, covered with acrylic fiber layers. Leather or fabric upholstery.

Outdoor version: tubular frame Ø25mm in Stainless Steel AISI 316 with matt satin finish or with a galvanizing base for outdoor with epoxy polyester powder coating gunmetal color, woven in waxed rope (Ø 5mm) in the finishing available in the collection. Seat chassis, screwed to the frame, in 40x30mm Stainless Steel, sprung with coated rubber elastic straps, with stainless steel hooks. Padding with open-cell structure polyurethane foam DRYFEEL S and fibre for outdoor, coated with heat- sealed waterproof fabric protection.

Seat cushions and bolster backrests and armrests cushions, padded with open cell structure polyurethane foam DRYFEEL S and fibre for outdoor, covered with heat- sealed waterproof fabric. Upholstery with outdoor fabrics only.

For both versions, upholstery fully removable by zippers and Velcro fastenings.

Floor support secured by black PVC feet.
