

Brioni

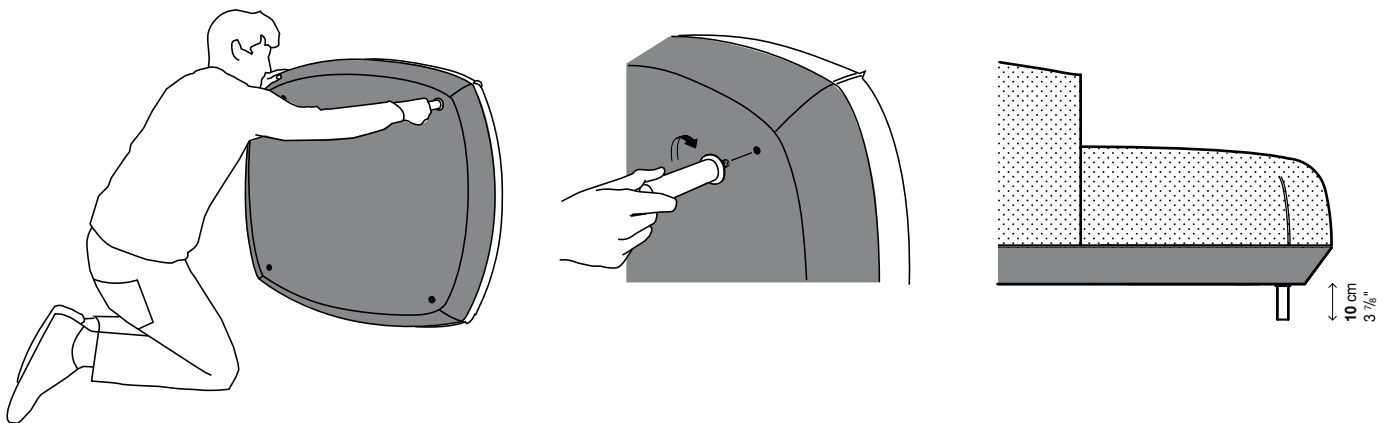

Info

“Brioni” padded items are made of flexible polyester-based foam with plastic slats. Comfort and a long life are guaranteed. The padding is enclosed in a coated polyester fabric casing, with waterproof, antibacterial and antimicrobial properties. Small openings in this coating allow good breathability for the padding, preventing the formation of condensation and mould.

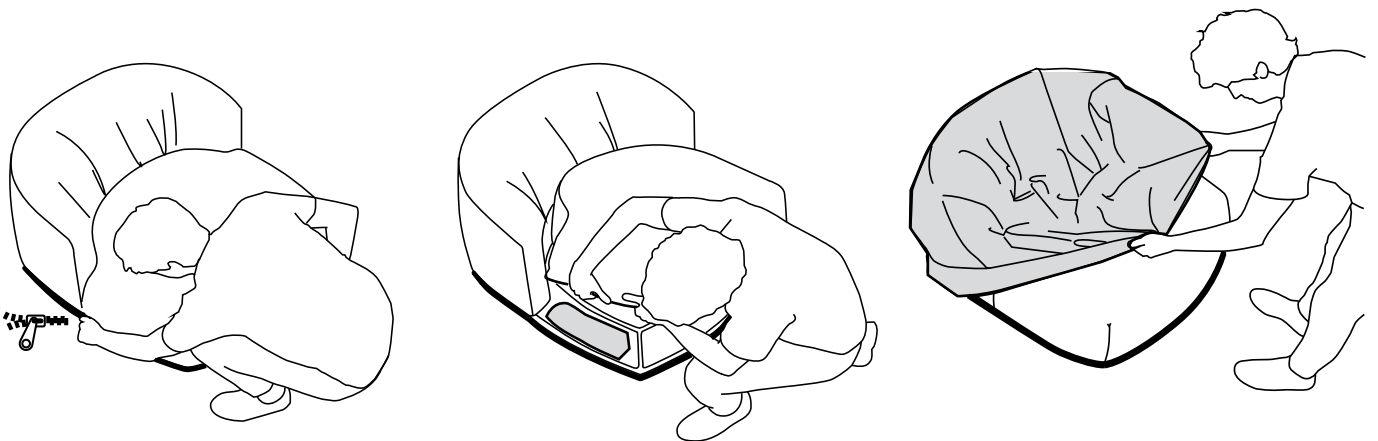

Feet options:

Black lacquered steel feet H.10 cm (02PIE01) available on request.

“Casper” protective coverings:

In areas near the sea, with a humid climate or during a long period of non-use, it is important to protect outdoor furniture well, even when it is made of high-quality materials and finishes. This is why we created Casper coverings: made of polyester fabric, they have a coated outer layer that is resistant to water and humidity, as well as exceptional qualities of durability and breathability, whereas the interior reduces humidity and temperature changes, thus protecting furniture from mould, frost and heat. Once folded, they are not bulky and coverings for padded “Brioni” items can be stored in special internal pockets (except for the small pouf).

Important: “Casper” protective coverings are not included in the price, see page 74 of the Price List.

Brioni

Small/large lounge chair

Finish of cover:

Customer fabric
HERITAGE (Sunbrella®) fabric
PATIO (Kvadrat®) fabric

Lower part upholstery finish:

Black polyurethane fabric
