Combi

Design by Gianluigi Landoni

Combi astrae gli spazi come in un dipinto grazie alle molteplici riflessioni ed alle diverse tonalità di specchio. La struttura in alluminio divide ma allo stesso tempo accompagna in modo armonioso le varie parti come in un mosaico, dove la riflessione è il tassello che dà significato allo spazio.

Combi makes the spaces abstract like in a painting thanks to the various reflections and the different mirror shades. The aluminium structure separates but also accompanies harmoniously the different parts like in a mosaic. The reflection is the element that gives significance to the space.
