

Concreto

design : F. Rota

Large dining table.

The Concreto series also includes a bench.

Bases: nuanced concrete or Lias, fastened by a structure in gloss-varnished stainless AISI 316, adjustable plastic spacers.

Top: composed of five nuanced concrete or Lias elements positioned onto the base, aligned and hold firm by steel elements existing onto the structure.

Notes:

Nuanced concrete and Lias are outdoor surfaces that are produced with a mix of limestone and clay.

The surfaces in Lias are decorated with a modern hand-made ceramic micro-mosaic.

This product can be used also in interior environments.

We advise to use a Winter Set protection cover.
