

Ensemble

design : Studio Stefan Scholten

Side table available in two dimensions, with two or three tops positioned at different levels.

Structure: AISI 316 stainless steel rod, matt varnished in grafite colour. Plastic spacers.

Tops: Graniglia, Graniglia decorata, Lias or Amariana.

Notes:

Graniglia and Lias are outdoor surfaces that are produced with a mix of limestone and clay and can be without decoration (Graniglia) or decorated with a modern micro-mosaic (Lias).

The finish Graniglia decorata foreseen with a mix of Segno, Incontri and Inserto décors, is available for the side table with three tops code B206B only.

The Amariana tops are made by casting glass blocks according to a traditional technique to obtain a compact and thick sheet.

We advise to use a Winter Set protection cover.
