

Joi

Massello di iroko, cemento e lacca opaca o lucida prendono vita su Joi, una collezione di tavoli in diverse dimensioni, dalla linea visivamente leggera. I piani possono essere laccati lucidi o opachi nelle diverse colorazioni, oppure in cemento Ductal®, componente di altissima qualità e tecnologia, formato da finissimi componenti minerali naturali e fibre organiche, che lo rendono resistente e flessibile. La sua finitura grigio chiaro rende Joi perfetto per un palcoscenico contemporaneo e urbano.

Iroko solid wood, concrete and matt or glossy lacquer come to life with Joi, a collection of rectangular tables and square side tables in different sizes, with visually pure lines. The tops can be matt or glossy lacquered in different colours or in Ductal® concrete, a material of the highest quality and technology made up of very fine natural mineral components and organic fibres, which make it resistant and flexible. Its light grey finish makes Joi perfect for a contemporary and urban stage.
