

Lina
Tacchini

Product Type *Armchair*

Nominated in 1955 for the Compasso d'oro, the armchair features an unusual wood frame that lends it a solid, yet lightweight, appearance. Its singularity lies in the slender legs and bent plywood element that supports the side of the seat back and curves up to become the 'wing' upon which the armrests sit. A very innovative workmanship technique for its time, carried out today with historical accuracy. An armchair that makes a bold statement, thanks to its timeless style, Lina can be paired with unaffected ease with all the sofas in the Tacchini collection, in residential and contract settings.

▽ **Materials and finishes**
