

# Astra 001 Lounge Chair

Design Rodolfo Dordoni

Technical Information

An elegant collection of reclining furniture, on wheels, dedicated to starry skies: lets you dream and change perspective with a gesture. Astra's design plays on the juxtaposition of solid tubular stainless steel and cotton-fel ropes to give a fresh, light and comfortable combination to two lounge armchairs - with high or low backs - and a three-seater sofa. A feature of the range is the armrest of the seats, formed by a double cylinder covered with cords.
