

Metis

Design Nicola Pavan

Anno di produzione 2023

Production year 2023

[It] — Metis arricchisce la sezione Saba che interpreta il divano come elemento mutevole e organico.

Lineare e soffice al tempo stesso, Metis è caratterizzato da eleganti cerniere metalliche avista che collegano i vari elementi, tramite agganci e rotazioni, e da preziose trapuntature che scolpiscono i volumi di seduta, schienali e braccioli. Attraverso la moltiplicazione e rotazione degli elementi base, a uno e due posti, di cui è composto, il nuovo sistema di sedute consente molteplici configurazioni ed espressioni estetiche home e contract.

Completamente sfoderabile.

Struttura

In multistrato imbottito con poliuretano espanso a quote differenziate. Il molleggio della seduta viene assicurato da cinghie elastiche con anima in polipropilene. Gli schienali sono in multistrato con inserto in poliuretano espanso 40IP, rivestiti con tessuto in poliuretano accoppiato a vellutino.

Il sostegno ergonomico dei pannelli schiena è garantito da cinghie elastiche. Gli snodi di collegamento tra gli schienali sono in metallo finitura black nichel o verniciata.

Piedini

In ABS nero h. 2,5 cm.

Imbottitura

Il cuscino dello schienale è in fibra di poliestere misto a piuma d'oca lavata e sterilizzata suddivisa a scomparti e rivestiti con tessuto di cotone 100%. Metis propone due tipi di sedute: versione Soft Seat Comfort e versione Harder Seat Comfort.

Soft Seat Comfort

La seduta è realizzata in 40EM e 25IM con bombatura in memory foam, rivestita con resinato accoppiato a tela di cotone 100gr/mq.

Harder Seat Comfort

La seduta è realizzata in 40IP e 25IM con bombatura in memory foam, rivestita con resinato accoppiato a tela di cotone 100gr/mq.

Nota

Il tessuto di rivestimento esterno viene accoppiato a una fibra di poliestere 400 gr/mq. Questa lavorazione implica una manutenzione della fodera con lavaggio a secco per tutti i tipi di tessuto. Si fornisce in dotazione un kit ferramenta per compensare eventuali dislivelli che possono generarsi su pavimentazioni non perfettamente planari.

[En] — Metis enriches the Saba product category that interprets the sofa as a changing and organic element. Linear and soft at the same time, Metis is characterized by elegant and visible metal hinges that connect the various elements, through hooks and rotations. Distinctive of the design is the precious quilting that sculpts the volumes of the seats, backrests and armrests. Through the multiplication and rotation of the basic one or two seat elements, of which it is composed, the new seating system allows multiple configurations and aesthetic expressions for the home and contract environment. Fully removable covers.

Structure

In plywood padded with variable-density polyurethane foam. The seat is sprung with elastic straps reinforced with polypropylene.

Backrests are in plywood with polyurethane foam core 40IP, covered with polyurethane fabric coupled to velveteen. The ergonomic support of the back panels is ensured by elastic straps. The connection joints between backrests are in metal with black nickel or painted finish.

Feet

2,5 cm high, in black ABS.

Padding

The back cushion is in polyester fiber mixed with washed and sterilized goose feather divided into sections and clothed with 100% cotton fabric. Metis proposes two types of seats: Soft Seat Comfort version and Harder Seat Comfort version.

Soft Seat Comfort

Seating is made in 40EM and 25IM with memory foam on the upper side, covered with resin coupled to cotton fabric 100gr/sqm.

Harder Seat Comfort

Seating is made in 40IP and 25IM with memory foam on the upper side, covered with resin coupled to cotton fabric 100gr/sqm.

Note

The external covering fabric is coupled with a 400 gr/sqm polyester fiber. This process implies a maintenance of the cover with dry cleaning for all types of fabric.

A hardware kit is supplied to compensate for any unevenness that may arise on floors that are not perfectly flat.

Basi / Bases

versione Trapuntata / Quilted version

versione Liscia / Plain version

Fianco divano con base e schienale
/ Side sofa with base & backrest

Cuscino schiena / Back cushion

Schienali centrali / Central backrests

Schienali singoli / Single backrests

Finitura snodo schienale / Backrest joint finish

1 Nero opaco / Matt black / Noir mat / Negro mate
2 Black nichel / Black nickel / Nickel noir / Niquel negro

Schienali terminali / End unit backrests

versione SX / Left version

versione DX / Right version
