Vicent Martínez

La colección más premiada de POINT

Desde que nació en 2017, esta colección de líneas suaves y relajadas, no ha parado de cosechar premios internacionales como el Global Excellence Awards 2018 de la International Interior Design Association, la Medalla de Oro de la Bienal Iberoamericana CIDI de Interiorismo, Diseño y Paisajismo o el Premio ADCV ORO de Mobiliario de Exterior en 2017.

Inspirándose en el anudado de los nidos de los pájaros tejedores baya, Vicent Martínez diseñó esta colección para que fuera tan funcional como emocional. Con un acabado minucioso, cada pieza está creada a mano, anudando fibra a fibra. Consta de un total de veintisiete elementos, desde columpios a mesas, pasando por tumbonas, sofás o sillas, todas ellas con una estructura que envuelve, protege y relaja. Las últimas incorporaciones a la colección han sido un sillón comedor, un pie de mesa redondo en cuerda y una versátil jardinera que también se puede utilizar como puf o mesa. Todas las piezas tienen una estructura de aluminio pintado en polvo y el característico trenzado en cuerda. Las posibilidades para combinarlas son muy variadas gracias a sus acabados en taupe, crema y negro.

POINT's most award-winning collection

Since it was launched in 2017, this collection with its soft, relaxed lines has reaped many international awards, such as the International Interior Design Association's 2018 Global Excellence Awards, Gold Medal in the Ibero-American Biennial CIDI for Interior, Design and Landscape and the ADCV GOLD Award for Outdoor Furniture in 2017.

Inspired by the way baya weaver birds weave their nests, Vicent Martínez designed this collection to be as functional as it is emotional. Meticulously finished, each piece is created by hand, woven strand by strand. It consists of a total of twenty seven elements, including swings, tables, sun loungers, sofas and chairs, all with a structure that envelops, protects and relaxes. The latest additions to the collection are a dining armchair, a round table base made from rope and a versatile planter that can also be used as a pouffe or table. All the pieces have a powder painted aluminium structure and the characteristic rope weave. There are a great variety of possible combinations thanks to their finishes in taupe, cream and black.
