

Eolie 008 Sunlounger

Design Gordon Guillaumier

Technical Information

CASA
DESIGN
GROUP

Like an archipelago of elements, designed and developed around the juxtaposition of a wide iroko wood slat. The Eolie collection boasts a refined, precise and essential design. A distinguishing feature is the freedom to pick and choose amongst its components: sun loungers, tables and gazebos, to be enjoyed by the pool, boat or seaside. In these enclaves of comfort, the choice of colour – both of wood and upholstery – becomes a further variable: the wood is either natural or painted in three desaturated variants, with the grain visible; there is a wide choice of colours in the fabrics for the cushions, which are available in two sizes in addition to the thicker armrest.

TECHNICAL INFORMATION

DESCRIPTION

Sunlounger for outdoor use.

STRUCTURE

Iroko FSC®, natural or painted finish
Reclining back 4 positions
