## OCTAVE — VINCENT VAN DUYSSEN 2020

1—  
9

Octave is a system of modular sofas featuring rigorous shapes. A design marked by geometrical lines, based on mix & match modular elements that came together in linear, angular compositions or with the addition of hanging trapezoidal or rectangular elements in unusual and highly appealing configurations. Blade-like extruded steel legs support the base on which rest low rectangular fabric or leather upholstered backrests, of the same thickness as the cosy seat cushions. Guaranteeing the utmost comfort, complementary cushions, again rectangular or square, along with the headrest that can be freely positioned on the backrest, enabling it to be used in various positions. In addition to the traditional linear or corner elements, Octave offers open elements with which to create chaises longues or poufs that can be arranged alongside the composition or used as free-standing elements, also for the centre of the room. The conjoining rectangular or trapezoidal elements feature innovative hide leather trays on which to place all kinds of objects. Thanks to the possibility of creating articulated compositions, Octave is ideal in a “smart working” environment via the use of binding components designed to support laptops and tablets.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013.

The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.

## NOTES

- ▶ List codes with **final A:**  
Depth 105 cm.
- ▶ List codes with **final C:**  
Depth 95 cm.
- ▶ **For correct ergonomics and maximum comfort, we recommend designing each module with a backrest cushion, headrest and lower back support cushion, in accordance with the pairings/measurements suggested in the price list. In addition to correct ergonomics, the presence of these elements makes the product look complete and elegant.**
- ▶ **ATTENTION:**  
**The trinket trays cannot be ordered individually but only combined with the modules provided in the price list.**

# Molteni & C

### When ordering

Specify the measurements of backrests, headrests and back support cushions.
