

Rami

Designer: Maurizio and Silvia Varsi

Just as the branches of a tree grow freely and in varied ways, equally the Rami sideboard is designed to harmonise different elements from both a tactile and visual standpoint. Designers Maurizio and Silvia Varsi created this elegant sideboard by combining different materials. Rami's front doors alternate between ceramic finishes and irregularly shaped mirrored surfaces, creating movement through an interplay of reflections. The Rami

sideboard is available in two different colour combinations: lead lacquered wood outer frame, matt Laurent ceramic doors and lead-effect mirror, lead-coloured metal base or bronze lacquered wood outer frame, Calacatta macchia vecchia silk finish ceramic doors and bronze-effect mirror, bronze-coloured metal base.
