Inhalation: remove from exposure site to fresh air
Ingestion: if swallowed do not induce vomiting, seek medical advice

5. Fire Measures

Suitable extinguishes: Water spray, foam, Carbon dioxide
Unsuitable extinguishes: Direct water jet
Fire hazard: Possible fumes from plastic packaging if caught in a fire situation, burning fumes could be acrid

6. Accidental release measures

Personal Precautions: Avoid contact with the eyes and mouth
Safety Clothing: N/A

Environmental precautions: Contain the leak with sand, Prevent from entering the drains, to prevent clogging and release in to water systems

Clean up Procedure: absorb large spillages with sand or absorbent roll, transfer to suitable container and dispose of according to local authority

7. Handling and storage

Handling: Avoid spillage, eye and mouth contact
Ventilation: N/A
Storage conditions: Store at ambient room temperature, Store away from heat sources and direct sunlight as well as temperatures below 10 Degrees centigrade
Fire Protection: Keep away from ignition sources and naked flames.
Container materials: pp plastic (polypropylene plastic) containers

8. Exposure control/ Personal protection

Precautions: Wash all items that come in to contact before and after each use.
Engineering control: N/A
Control Limits: use 2-3 times daily for up to four weeks
Respiratory: not required
Hand Protection: Wear gloves if applicable/ when applying to clients
Eye protection: Wear goggles if applicable
Skin protection: wear suitable protective clothing if applicable
Other: Evaluate the need for protection based on the application of the product

9. Physical & Chemical Properties

Physical state:	Balm	Explosive properties:	N/A
Odour:	Citrus/Cocoa	Oxidising properties:	N/A
Colour:	White	Melting Point:	35°C
PH Level:	5.5 – 6.5	Specific Gravity:	4000PCM+
Boiling point:	100°C	Vapor Pressure mm:	Not reported
Flash point:	>250°C	Evaporation rate:	N/A
Auto Flamibility:	N/A	Solubility in water:	Oil soluble
		Solubility in solvent:	Soluble

10. Stability and reactivity

This product is stable under normal storage conditions

Conditions to avoid: Temps above 35°C and below 10°C
Materials to avoid: Oxidising agents such as direct sunlight, excessive heat
Polymerisation hazard: Will not occur

11. Toxicology information

General: Product is non toxic
Acute LD50: No Data Available
Carcinogenicity: Not carcinogenic
Mutagenicity: No Data available

12. Ecological information

Biodegradability: bio gradable
Precautions: Prevent surface contamination of soil and water ways

13. Disposal Methods

Recover the product where possible and dispose of with your normal waste disposal. Avoid disposing of in the drainage systems and in to the environment. Dispose of packaging to your nearest plastics recycling centre.

14. Transportation regulations

Road: N/A
Rail: N/A
Air: N/A
Sea: N/A

15. Regulatory information

Labels for conveyance: N/A
Labels for Supply: N/A

16. Further information

Whilst Yayo Familia LTD gives the above advice in good faith, it is not intended to be a substitute for customers own testing to ascertain good safety procedures.
These regulations were designed for handling bulk products and to readily identify toxic and safety data.
Safety information is under continuous review.
