

Instruction Manual

Battery Case for iPhone 4000mAh

Battery Case for iPhone 4000mAh

Illustration:

Installation:

- Installing: Place the iPhone into the back cover of our battery case, then install the frame from top to bottom.
- Uninstalling: Gently pull the bottom frame up by fingernail.

Notes:

- When the iPhone battery is fully drained in battery case, the iPhone charging icon will revert to its normal usage.
- The battery case includes a Type C Cable. Use the provided cable to charge your battery case.

Charging your Battery Case and iPhone :

- Connect your battery case (iPhone already installed) to the charging cable.
- Connect the charging cable to any USB power source such as computer to start charging.
- Charge until the LED indicators read full.

Charging your iPhone with Battery Case:

- Press the power button (about 3s) to charge your iPhone in condition of no external power sources
- Press again the power button (about 3s) to turn off the battery case when iPhone is fully charged, which can significantly save the capacity of built-in battery so as to charge the iPhone next time.

LED indicators:

Specifications:

- Type-C Cable

Warning:

- Read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, for which damages you ("Purchaser") and not Manufacturer are responsible.

- Do not store battery case in high temperature environment, including intense sunlight heat.
- Do not place battery case in fire or other excessively hot environment.
- Be cautious of excessive drops, bumps, abrasions, or other impacts to this battery, if there any damage to the battery such as dents, punctures, tears, deformities or corrosion due to any cause, discontinue use. Contact manufacturer or dispose of it in an appropriate manner at your local battery-recycling center.
- Do not disassemble this battery case or attempt to re-purpose or modify it in any manner.
- Do not expose this battery case to moisture or submerge it in liquid. Keep battery dry all the time.
- Do not attempt to charge battery case using any method, apparatus, or connection other than the device's USB connector
- Do not attempt to replace any part of this battery.
- If the battery case is intended by Purchaser to be used by a minor, purchasing adult agrees to provide detailed instructions and warnings to any minor prior to use. Failure to do so is sole responsibility of purchaser, who agrees to indemnify manufacturer for any unintended use/misuse by minor.
- All battery cases have gone through a thorough quality assurance inspection. If you find that your battery is excessively hot, is emitting odor, is deformed, abraded, cut, or is experiencing or demonstration and abnormal phenomenon, immediately stop all battery use and contact Manufacturer.
- For extended storage, first charge your battery case for one hour.
- Never dispose of battery case in the garbage. Disposal of batteries in the garbage is unlawful under state and federal environment laws and regulations. Always take used batteries to your battery-recycling enter.

Warranty:

- This product is covered by a warranty of 12 MONTHS from the date of purchase.
