THE STORY OF OLIVAL

Knowledge, expertise and experience are intertwined in the process of developing and producing Olival cosmetic products.

It all started with traditional pharmaceutical formulations and natural ingredients, and today, tradition goes hand in hand with modern cosmetology.

Almost 30 years ago, Olival founder, Vlasta Pojatina, started a small galenic production on the ground floor of her family home. Traditional pharmaceutical formulations were the foundation for original cosmetic products, but the beneficial effects of the wealth of natural ingredients had to come into focus. So, we have been making our cosmetics with the same enthusiasm but in a modern manufacturing facility in the western part of Zagreb.

The production site is in compliance with EU regulations and high standards for cosmetic products. Products are certified in line with ISO 22716 that guarantees implementation of Good Manufacturing Practice and high production quality, traceability and health safety of products.

The full range of Olival product lines consists of over 180 products for face, body and hair care. Apart from the well known Immortelle line that carries the independent NATRUE certificate, including Magical line of products, Professional line, natural shampoos and deo sticks and SPA products, in our product assortment you can find quality, natural cosmetics for every skin type, intended use and skin need.

MPharm Vlasta Pojatina

IMMORTELLE COLLECTION

Immortelle essential oil is often called “liquid gold”. Forces of nature rooted in this product line fight against signs of ageing, slow down premature skin ageing and transform skin care ritual into a truly special experience. Having in mind the exceptional value of immortelle essential oil in skin care, Olival has developed the first Croatian certified natural cosmetics. Immortelle collection is divided into categories of use.

1 FACIAL CLEANSE

MICELLAR SOLUTION IMMORTELLE

Mighty micelles with immortelle essential oil and aloe vera extract gently and efficiently remove lighter makeup and impurities from face and neck. Micellar solution refreshes the skin and makes it soft, without feeling dry or tight.

Apply micellar solution with a piece of cotton or cleansing cloth. Use it in the morning and evening, independently or as part of a double cleansing routine with a cleansing gel or foam.

MICELLAR SOLUTION 2 IN 1 IMMORTELLE

The combination of mighty micelles and nourishing sesame oil gently and efficiently removes waterproof makeup. Micellar solution 2in1 refreshes the skin and makes it soft, without making it feel dry or tight. Shake before use.

NOURISHING MILK IMMORTELLE

Easy to apply and rich texture of this cleansing milk, based on immortelle essential oil and sesame and evening primrose oils, efficiently removes makeup and cleans impurities from face and neck. Skin is soft and nourished after cleansing. Apply with a piece of cotton or cleansing cloth and it can be used independently or with a cleansing gel or foam.

NOURISHING PEELING IMMORTELLE

Enriched with immortelle essential oil, sesame and olive oils and natural apricot and olive kernels, this peeling efficiently cleans the complexion and the skin is smooth, nourished and refreshed. Use once or twice a week by gently massaging the nourishing peeling for two to three minutes and rinse thoroughly.

ACTIVE PEELING IMMORTELLE

Based on cleansing properties of activated charcoal and with apricot and olive kernels, this peeling efficiently cleans the skin while immortelle essential oil stimulates regeneration. Use once or twice a week, massage into skin for two to three minutes and rinse.

2 FACE WASHING

MICELLAR GEL IMMORTELE

The combination of mighty micelles, immortelle essential oil and soothing aloe vera extract in this gentle gel thoroughly cleans skin of face and neck, without making it dry or tight. Smaller amount of gel massage onto moistened face and rinse with warm water. Use independently or as part of a double cleansing routine.

MICELLAR FOAM IMMORTELE

The combination of mighty micelles, immortelle essential oil and soothing aloe vera extract in this gentle foam thoroughly cleans skin of face and neck, without making it dry or tight. Massage one or two pumps of foam onto moistened face and rinse with warm water. Use independently or as part of double cleansing routine.

3 FACE TONING

REFRESHING TONER IMMORTELE

Immortelle essential oil and highly beneficial extracts of grape seed and aloe vera gently tone the complexion, refresh the skin and restore its natural balance. This toner perfectly prepares the skin for serum, cream and/or oil.

4 FACE SKIN CARE

EXTRA HYDRATING CREAM IMMORTELE

The deep skin moisturising effect and the light texture of this cream are the results of the combined effects of immortelle, jojoba and wheat germ oils and carrot and lemon balm extracts. Use this cream as part of day skin care routine while its quick absorbing formula makes it ideal as base for makeup.

EXTRA RICH CREAM IMMORTELE

Exceptional nourishing property and the thick texture of this cream are the result of the combined effects of immortelle essential oil, olive and apricot oils and aloe vera and camomile extracts. Rich, natural ingredients provide skin with moisture, elasticity and a healthy shine. Use cream as part of evening skin care routine and the skin will enjoy the beneficial regenerating effect while you sleep.

REGENERATING CREAM IMMORTELE

The soothing effect and the lighter texture of this hydrating emulsion are the result of combined effects of immortelle, macadamia nut, evening primrose and calendula essential oils and St. John's wort extract. Carefully selected ingredients boost skin regeneration, providing the skin with necessary moisture, making it silky soft. Use this cream as part of day and night skin care routine and the quick absorbing formula makes it ideal as base for makeup.

MATTIFYING FLUID IMMORTELE

The gentle, airy and mattifying texture of the fluid is based on immortelle essential oil, squalane, camelina oil and thyme extract. The main components responsible for the active action of thyme extract on the skin are thymol and carvacrol, polyphenols with strong anti-inflammatory, antimicrobial and antioxidant effect, along with camelina oil. This complex targets alleviates and prevents imperfections – it provides an antioxidant effect on sebum, which prevents the development of bacteria, neutralizes epidermal lesions, which protects the skin structure from changes caused by C. acnes, reduces inflammatory skin response and prevents rough skin texture.

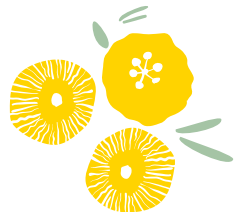

EYE CREAM IMMORTELE

The nourishing, rich texture of the cream is based on the immortelle essential oil, shea butter and oils of apricot kernels, avocado and argan. Gently hydrates, nourishes and smoothes the eye area, while poppy and Chilean raspberry extracts relieve puffiness and contribute to elasticity, tone and luminosity of the skin. Poppy extract reduces the volume of accentuated tissue under the eyes (puffy under-eye circles).

Mattifying Fluid Immortelle is suitable for daily use in the morning, evening or as needed, as it changes the cream in the skincare routine. The product doesn't contain added coloring and fragrances. The pleasant herbal scent comes from a complex of active ingredients, thyme extract and immortelle essential oil. The fluid is NATRUE certified.

CC NATURAL CREAM IMMORTELE

Caring combination of immortelle essential oil, vitamins H, E, B₅ and mineral pigments flawlessly nourishes and evens out natural skin tone. CC Natural cream provides light to medium coverage of irregularities, soothes the skin, provides it with moisture and protects from the sun with SPF 12. Suitable for all skin types. Available in two shades: Light and Medium.

GOLDEN IMMORTELE OIL

Immortelle essential oil in combination with natural oils of apricot kernel, jojoba, macadamia nut, argan, wild rose and calendula absorbs quickly, provides thorough nourishment, boosts hydration, skin plumpness and elasticity and diminishes signs of premature ageing.

Apply Golden Oil Immortelle to cleansed face in the morning and/or night, on its own or in combination with serum and cream. Oil will prevent loss of moisture, making it perfect as the last step in skin care routine.

NOURISHING MASK IMMORTELE

Purifying effect of white clay and nourishing properties of immortelle essential oil enable this mask to provide deep hydration and healthy glow to the skin. Use according to skin needs, one or twice a week. Rinse with water after ten minutes.

ACTIVE MASK IMMORTELE

Based on purifying action of activated charcoal and green clay, this mask thoroughly removes impurities, cleans pores and diminishes negative effects of environmental influences. Immortelle, aloe vera and chamomile essential oils nourish and soothe the skin. Use once or twice a week. Recommendation: keep on skin for ten minutes and rinse.

PROFESSIONAL COLLECTION

Olival made a step away from natural cosmetics with the Professional collection of products designing highly efficient concentrations of active substances of proven results, focused on different problems and needs of the skin. First step in the Professional collection are serums rich in Vitamin C, Matrixyl® 3000 and Matrixyl® Synthe'6® tripeptide complexes, retinoids, astaxanthin, niacinamide, hyaluronic acid, ectoin and other highly valuable ingredients. Professional collection now includes creams, an innovative exfoliators and other products.

1 CLEANSING

MICRO-EMULSION

This lightweight oil enriched with squalane and hemp seed oil gently dissolves and removes waterproof makeup and sun protection products. Liquorice extract and vitamin E act anti-inflammatory, antioxidative and nourish the skin. Microemulsion rinses easily and is the perfect first step of cleansing for all skin types. Apply few pumps onto dry hands, massage onto dry face and rinse. Continue cleansing with a gel or continue with other care routine steps.

AMINO GEL

Hydrating gel exceptionally gently clean the skin from makeup residue and impurities and prepares it for other steps of care routine. Gel is enriched with betaine, polyglutamic acid, allantoin, aloe vera and liquorice extract that join forces and provide skin with ample hydration and prevent it from drying out. Ingredients act anti-inflammatory and soothingly on the skin. Amino gel is suitable for all skin types and it is perfect as the second step of cleansing. Apply few pumps onto hands, massage onto damp face, rinse and continue with skin care routine.

2 TONERS AND EXFOLIATORS

HYDRO TONER

Hydrating and soothing toner instantly (re)hydrates the skin, balances skin pH and alleviates adverse effects of hard water on the skin. Suitable for all skin types, especially skin prone to dehydration. Beta-glucan boosts regeneration of skin protective barrier and makes it more tolerant to environmental influences, while *Globularia alypum* extract acts anti-inflammatory and soothes sensitive skin. Betaine, allantoin, glycerine and aloe vera extract support the hydrating effect, making the skin soft and radiant. Hydrating toner comes in pump packaging allowing convenient use.

PEELING TONER AHA PHA

Professional exfoliating toner is based on 5.9% AHA and PHA acids, apple extract and nourishing, moisturising ingredients such as hyaluronic acid, betaine, glycerine and panthenol. Specially adapted pH value of 3.6 guarantees effective exfoliation. Toner includes mandelic acid, gluconolactone and lactobionic acid that provide gentle chemical exfoliation to all types of skin, including mature skin. It gently removes dead skin cells and restores moisture, while long term use of this toner makes complexion smoother, refined, more uniform and radiant.

MICROEXFOLIANT

Microexfoliant is an innovative peeling that combines chemical and mechanical exfoliation. Based on 1% salicylic (BHA) acid, castor wax grains, vitamin H (biotine) and allantoin, this microexfoliant cleans pores in depth, evens out colour of the complexion and promotes smooth and radiant skin. When the powder comes into contact with water it creates a thick, creamy deep exfoliation paste that removes dead skin cells and prepares the skin for care routine. It is suitable for all skin types, except sensitive and dry skin. Use it only in the evening, up to three times a week or as needed, with plentiful hydration after exfoliation. Application of SPF in the morning is recommended when using this product.

3 MASKS

HYDRO CICA FACE MASK

Hydro CICA [hidro-see-ca] Face Mask is a multifunctional skin care product full of humectants and powerful extracts for soothing and hydration. Madecassoside and *Centella asiatica* plant extract strengthen the resistance of the skin barrier, hibiscus extract contributes to elasticity and antioxidant effect, while ectoin helps to balance the level of hydration. AQUAXYL™ hydration complex promotes the exchange and circulation of moisture through the layers of the skin, as well as the boost of hyaluronic acid produced in the skin. This mask acts as an "anti-dehydration shield" since it stimulates the formation of essential lipids and proteins in the hydrolipidic layer of the skin. With long-term use, the Hydro CICA mask helps to strengthen the

skin's resistance, i.e. the barrier function, which is important during the use of active ingredients and the full potential of the results of the skincare routine. It can be used in several ways – as a fifteen-minute "reset" of the skin, as an overnight treatment, and it can also be used instead of a cream, after a serum or on its own, several times a week. For even better hydration, it can be combined with Professional Hydro Toner and Hyaluron Hydrator 4H. It's suitable for all skin types.

ENZYME FACE MASK

This mask is a treatment exfoliant with a creamy texture, based on the fruit enzymes papain and bromelain. It is suitable for almost all skin types, including more sensitive skin (depending on the type

of sensitivity). It does not contain classic acids for exfoliation and is therefore a more adequate alternative for skin prone to irritation or for easier integration into a routine with retinoids and other stronger active ingredients. The mask enriched with Teflose® active complex, beta-glucan and pineapple extract gently removes dead skin cells and makes the complexion smoother and fresher, and can be used up to several times a week. In addition to exfoliation itself, the mask hydrates the skin and helps prevent irregularities. It is applied to clean and dry skin in the evening, left on for 15–20 minutes and then washed off. For a better effect on more resistant skin, it can (and is recommended) be left on longer or overnight. In the evenings when this mask is applied, it is not recommended to apply retinoids and/or acids, and the skin should be protected with SPF during the day.

4 SERUMS

VITAMIN SERUM C+

Vitamin Serum C+ is a concentrated serum with 10% ethyl ascorbic acid (3-O-Ethyl Ascorbic Acid) which is a stable vitamin C derivative, ferulic acid, and vitamin E, with the addition of troxerutin, hyaluronic acid, and ectoine. The serum reduces the visibility of hyperpigmentation and stains, provides an antioxidant effect, and restores a natural youthful glow. It is suitable for all skin types, especially mixed or oily and dehydrated skin, as well as for all those who prefer products with hyaluronic acid.

VITAMIN EMULSION C+

Vitamin Emulsion C+ is a concentrated serum emulsion with 10% ethyl ascorbic acid (3-O-Ethyl Ascorbic Acid) which is a stable vitamin C derivative, ferulic acid, vitamin E, and with the addition of camu camu extract, and ceramide complex. It works against hyperpigmentation and reduces the appearance of wrinkles and fine lines, while the milky texture rich in ceramide complex nourishes and cares for the skin. It is suitable for normal and dry skin, especially for mature skin. It would be an excellent choice for those who prefer creamy products without hyaluronic acid.

Apply serum or emulsion to damp and clean skin before the usual hydrating cream and/or oil. It is mandatory to use a sun protection cream during the summer months or during long-term exposure to the sun.

Good to know!

When used with sun protection products, vitamin C acts photoprotective and antioxidative.

VITAMIN SERUM B₃

Extremely light, fast absorbing texture of the Vitamin Serum B₃ is intended for skin prone to irregularities and redness. This is a complex formulation of 8% niacinamide paired with 1% tranexamic acid, magnolia bark extract, xylitol and provitamin B₅ (panthenol). Niacinamide targets the appearance of acne and pimples, regulates excessive sebum secretion and diminishes visibility of enlarged pores. Tranexamic acid and niacinamide diminish visibility of blemishes and contribute to more even skin texture. Magnolia bark extract, xylitol and panthenol soothe the skin, provide hydration and boost regeneration.

VITAMIN SERUM R²

Vitamin Serum R² is based on proven and long term effect of retinyl palmitate (vitamin A derivative) and resveratrol and hyaluronic acid. Serum R² hydrates the skin deep within, soothes redness and irregularities, has strong antioxidative property, contributes to skin firmness and skin elasticity and efficiently diminishes visibility of first wrinkles and fine lines. This product performs well as part of preventive care routine against premature skin ageing. Vitamin Serum R² is the perfect introduction to the use of retinoids in targeted care. Application of SPF in the morning is recommended when using this product.

VITAMIN SERUM RA

This concentrated serum emulsion helps to re-texturize the skin and prevent premature skin ageing. Powerful concentration of 0.1% retinaldehyde acts against acne, regulates secretion of sebum and diminishes visibility of blemishes and fine lines. In addition to astaxanthin, a lipid complex of bioidentical ceramides, bisabolol and allantoin, Vitamin Serum RA replenishes the hydro lipid barrier and contributes to skin elasticity. Application of SPF in the morning is recommended when using this product.

Due to retinoids and salicylic acid as active ingredients, use of Vitamin Serum R², Vitamin Serum RA and Microexfoliant is not recommended during pregnancy.

HYALURON HYDRATOR 4H

The concentrated Hyaluron Hydrator 4H joins forces with 4 types of hyaluronic acid that penetrate into layers of skin and provide it with hydration, while polyglutamic acid prevents skin from drying out and ectoine soothes and strengthens the hydro lipid barrier. Hyaluron Hydrator 4H quickly and deep within (re)hydrates the skin and restores youthful appearance for all types of skin. Apply the product to well moistened skin and then cream and/or oil immediately after the hydrator.

PEPTIDE SERUM P

Serum with peptides, valuable amino acids, revitalises the skin of face and neck and boosts and strengthens collagen production. Complex of two types of tripeptides, Matrixyl® 3000 and Matrixyl® Synthe'6®, hyaluronic acid and aloe vera, Peptide Serum P prevents and diminishes signs of premature skin ageing such as loss of skin firmness, elasticity and hydration and the appearance of fine lines and wrinkles. Peptide Serum P can be used as preventive hydration care but also as care in case of visible changes on the skin.

5 CREAMS AND OILS

AMINO ACTIVATOR CM

Concentrated treatment cream deeply moisturizes, nourishes and soothes the intolerant, reactive and sensitive skin. Amino acid complex helps restore elasticity and supports natural skin resistance, while CM-Naringenin-Chalcone and azelogylic acid alleviate reactivity and provide the balance of stressed skin. Milk thistle extract and panthenol support skin renewal, while betaine and polyglutamic acid provide prolonged hydration. Suitable for teenagers.

It is an excellent base for SPF and makeup. Without added fragrances and colorants. Amino Activator CM can be combined in the same routine with other Olival Professional products, depending on the needs of the skin.

Carboxy-Methyl (CM)-Naringenin-Chalcone is the active ingredient derived from natural polyphenols that can found in the peel of citrus fruits or tomatoes. This innovative, anti-inflammatory molecule is beneficial in targeted skin care for rosacea or in general, in sensitive skin prone to itching and redness.

VITAMIN CREAM C+

Vitamin Cream C+ power is based on action of vitamin C and nourishing macadamia and almond oils that hydrate and replenish the skin, lock in moisture which boosts serum action and refreshes the complexion. Cream contains stable and highly compatible vitamin C in the form of ethylated ascorbic acid and it is perfect for dry, balanced to mixed types of skin. It can be used independently or as part of a skin care routine after Vitamin Serum C+. Vitamin Cream C+ can be used as part of morning (followed by SPF) and evening routine.

PEPTIDE CREAM P

Peptide Cream P contains Matrixyl® 3000, peptide complex (matrikine) that functions as cellular communicators and stimulate skin renewal from the inside out. Ingredients act on improving skin firmness and skin elasticity and also make the complexion

sleek and uniform. The cream is based on the action of tripeptides and nourishing macadamia and almond oils that hydrate and replenish the skin by locking in moisture thus allowing the serum to work more intensely and refresh the complexion. Peptide Cream P is ideal for dry, balanced to mixed skin, used independently or as part of a routine after Peptide Serum P and it can be used as part of morning and evening routine.

VITAMIN FLUID B3 FOR THE AREA AROUND THE EYES

The silky texture of the fluid deeply hydrates, nourishes, and smooths the delicate skin around the eyes. A carefully balanced complex of 1% niacinamide, 0.5% caffeine, and ceramide complex will refresh, nourish and indirectly help alleviate the dull appearance of the skin. Shea butter, avocado, macadamia oils, and vitamin E will improve the elasticity of the skin, reduce the visibility of wrinkles in the long term and contribute to the brightness of the eye area. Niacinamide, also known as nicotinamide or vitamin B3, is an extremely multi-functional ingredient and provides a whole range of benefits. This fluid has the

properties of hydration and soothing, strengthening the natural barrier of the skin, as well as alleviating the effects of external stressors. Caffeine is one of the best-known and most-represented active substances in the care of the eye area. It acts as an antioxidant and protects the skin from damage caused by external factors. It stimulates microcirculation, contributes to a fresher, more rested appearance of the skin, and helps regulate puffiness and swelling. The fluid also contains bioidentical ceramides that stimulate the natural self-regulation of hydration levels, leading to stronger and more resilient skin.

VITAMIN CREAM B3

Vitamin Cream B3 has a light and non-greasy, but more dense gel texture. Based on niacinamide, magnolia bark extract, squalane and panthenol action, this cream hydrates mixed to oily skin in depth and provides a soothing sensation. Skin quickly absorbs the non-greasy texture making the skin soft and smooth. Chamomile oil offers a mild nutty fragrance and a gentle bluish-white colour. Without added colours and fragrances.

OMEGA ELIXIR

The quick absorbing oil complex is based on the nutritive wealth of squalane, chia seed, blackberry seed, avocado and evening primrose oils. Omega Elixir nourishes the skin deep within, soothes and makes skin softer and completes your care routine. Elixir regenerates the skin and prevents negative environmental influences such as UV radiation, low temperatures, strong wind, urban air pollution, impurities and cigarette smoke. Omega Elixir can be used in the evening or when needed, independently on a cleansed face or as last step of a skin care routine, after serum and cream.

Good to know!
Oil as finishing step of a care routine creates a protective film that helps better ingredient absorption and boosts efficiency of active substances in Professional serums and creams (such as hyaluronic acid).

6 DAY CARE WITH SUN PROTECTION FACTOR

PROFESSIONAL FACE FLUID SPF 50

The light fluid with a soft texture is intended for daily UVA and UVB protection of the face and neck skin. It leaves a satin semi-matte finish on the skin. It is absorbed extremely quickly and does not leave white marks, and at the same time it is highly tolerable in the area around the eyes. It does not contain added fragrances and colors. It makes an excellent base for applying makeup. This fluid is also suitable for all skin types, including mature and more sensitive skin. It is enriched with nourishing ingredients such as guava extract, ubiquinone or coenzyme Q10 and licorice extract. These ingredients have a synergistic antioxidant effect and help prevent hyperpigmentation.

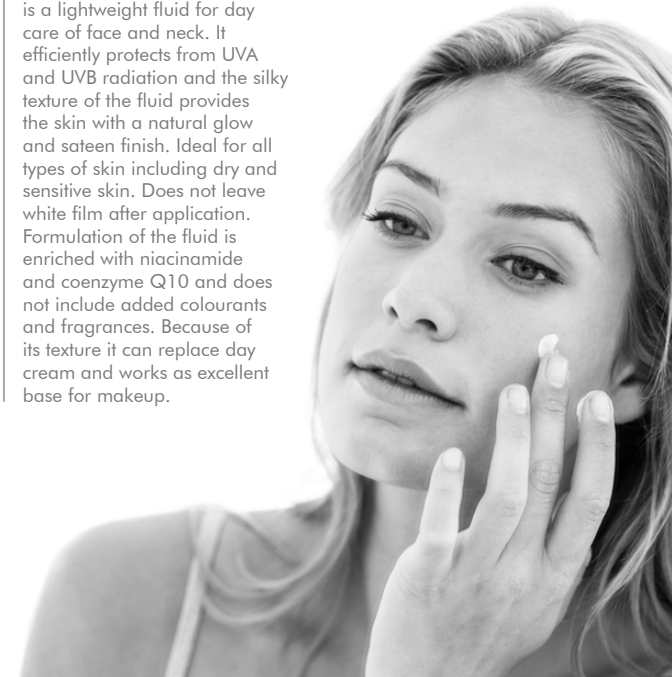

PROFESSIONAL FACE CREAM SPF 50

Professional Face Cream SPF 50 is a mattifying mousse for day care of face and neck. It provides thorough protection from UVA and UVB radiation and it is perfect for all skin types, including mixed and oily skin. This mousse absorbs quickly into the skin, leaving a velvety matte finish. It does not leave a greasy or white film on the skin. This makes it perfect as base for makeup and it can replace day cream in morning routine. The cream is enriched with niacinamide and coenzyme Q10. No added colours or fragrances.

PROFESSIONAL FACE FLUID SPF 30

Professional Face Fluid SPF 30 is a lightweight fluid for day care of face and neck. It efficiently protects from UVA and UVB radiation and the silky texture of the fluid provides the skin with a natural glow and satene finish. Ideal for all types of skin including dry and sensitive skin. Does not leave white film after application. Formulation of the fluid is enriched with niacinamide and coenzyme Q10 and does not include added colourants and fragrances. Because of its texture it can replace day cream and works as excellent base for makeup.

GREEN COFFEE COLLECTION

Oil from green coffee bean provides skin with three proven effects. Green coffee oil protects cells from oxidative stress (environmental pollution, smoking) and stimulates growth of new cells, strengthens tissue network that maintains skin firm, elastic and youthful. It also spreads the so called aquaporin channels that are responsible for retention of hydration.

MICELLAR SOLUTION GREEN COFFEE

Micellar solution gently removes impurities and makeup from face, neck and eye area. Green coffee extract strengthens the natural moisture of the skin in the long term, restores natural balance and refreshes the complexion. Apply micellar solution with a piece of cotton or cleansing cloth. Use it in the morning and evening, independently or as part of a routine of double cleansing routine.

ANTI WRINKLE NOURISHING CREAM GREEN COFFEE

Anti Wrinkle Nourishing Cream with green coffee oil prevents appearance of wrinkles, hydrates the skin in depth, supports skin vitality and stimulates skin elasticity. This cream slows down the process of ageing in a natural way because it hydrates and regenerates the skin, restoring collagen and elastin. Thick and rich texture of the cream makes it suitable for all skin types.

ANTI WRINKLE LIGHT CREAM GREEN COFFEE

Anti Wrinkle Light Cream with green coffee oil hydrates the skin in depth and diminishes visibility of line for all skin types. It makes the skin smooth, silky and shiny because it restores collagen and elastin and slows down the process of skin ageing. Light texture of the cream enables the skin to absorb it quickly making it perfect for mixed to oily skin.

TRADITIONAL FORMULATION

TRADITIONAL FORMULATION

Natural oils of safflower and lemon diminish the visibility of blemishes within a few weeks.

HYPERPIGMENTATION SERUM

Serum with safflower oil has been proven to diminish visibility of pigmentation spots on the skin of the face, hands and body after few weeks of use. Serum is enriched with lemon oil that works in synergy with safflower oil to reduce skin production

of melanin and Chilean raspberry that provides mild natural sun protection. Apply serum on the area of the blemish or spot, rub in and repeat two times a day. When using serum in summer months apply product with SPF.

MAGICAL COLLECTION

Luxurious products for body, face and hair turn everyday care routine into a magical ritual.

MAGICAL DRY OIL

Magical Dry Oil is intended for body, face and hair. A high quality combination of natural ingredients, hazelnut, argan, jojoba, wild rose and macadamia oils, make the skin soft and silky and tips of hair are

nourished and protected. This dry oil absorbs into the skin instantly making it irresistibly soft and gentle to touch. Magical Dry Oil is the perfect skin protection product after sun exposure, not just for reducing adverse affects of UV radiation, but also for replenishing skin with necessary hydration.

MAGICAL GOLDEN OIL

Magical Golden Oil is intended for body, face and hair. The magical combination of natural hazelnut, argan, jojoba, wild rose and macadamia oils make the skin soft and silky and hair tips are nourished and protected. The golden oil absorbs into the skin instantly, making it irresistibly soft and gentle to touch. With the golden glow, this dry oil makes the skin a shade darker and especially emphasises sun tan and enhances shine of the hair.

MAGICAL BODY PEELING GEL

Enriched with subtle apricot kernel peeling grains, this body scrub gently and thoroughly removes dead skin cells. The gel transforms into a lightweight foam when it comes in contact with water and cleans the skin, preparing it for further care and making it soft, smooth and fragrant.

MAGICAL BODY MILK

Magical Body Milk is comprised of a lavish combination of highly valuable natural hazelnut, jojoba, rose, macadamia and argan oils. Body milk is suitable for all skin types and it will provide the skin with a fragrant hydrating effect making it smooth and shiny. Perfect for skin care after using Magical Body Peeling Gel.

MAGICAL SHIMMER BODY LOTION

Lightweight body lotion, infused with golden glow shimmer, gently hydrates the skin and restores its silky softness. Magical texture of the body lotion absorbs quickly, emphasizes the natural glow of the complexion and envelopes the skin with a soft fragrance.

ROSE COLLECTION

The Rose collection of products for decadent care envelopes the skin and hair with gentle and fresh rose fragrance and subtle and elegant shimmer in rose gold shade.

ROSE GOLDEN OIL

A combination of nourishing natural oils, enriched with three different types of shimmer, nourishes and cares for skin of body, face and hair. Rose Golden Oil absorbs quickly into the skin, does not leave a greasy film, delivers gorgeous and rich shine and accentuates sun kissed skin. This oil is perfect for colder undertone types of skin.

ROSE GLOW SPRAY

A gentle spray enriched with three different types of shimmer and nourishing glycerine delivers pearl shine, accentuates the complexion and hydrates and refreshes the skin. Rose Glow Spray can be used as the final step of a makeup routine.

ROSE BODY PEELING GEL

Rose Body Peeling Gel is enriched with apricot kernel particles and gentle rose fragrance and it provides a mild and thorough removal of dead skin cells. The gel transforms into a lightweight foam when it comes in contact with water that cleans the skin, preparing it for further care and making it soft, smooth and fragrant.

ROSE BODY MILK

Rose Body Milk is enriched with nourishing natural squalane from olive and wild rose, almond and macadamia oils that nourish and hydrate the skin deep within, making it soft, supple and fragrant. Perfect for skin care after using Rose Body Peeling Gel.

CRYSTAL COLLECTION

Revamp of the Magical collection has captured the hearts of all fans of the gorgeous silver shine.

CRYSTAL SHIMMER BODY LOTION

The light and airy texture of the body lotion, infused with golden glow shimmer, absorbs into the skin quickly and subtly accentuates natural beauty of the skin. Lotion restores necessary hydration of the skin, eliminating the feeling of dry and tight skin after bathing or showering, and making the skin nourished, supple and soft. Subtle but elegant fragrance that remains on the skin contributes to the overall pleasant skin care experience.

CRYSTAL DRY OIL

Crystal Dry Oil is infused with almond, macadamia and wild rose oils and silver shimmer makes the skin glowing. Dry oil makes the skin irresistibly soft and gentle and shine of the hair is accentuated. Crystal Dry Oil absorbs quickly after application and the delicate fragrance remains on the skin.

CRYSTAL BODY MILK

The rich, easy to apply texture of this body milk, enriched with almond, wild rose and macadamia oils, nourishes the skin and provides it with in depth hydration. Crystal Body Milk restores natural skin suppleness and softness and envelopes the senses with a gentle fragrance.

SUN PROTECTION COLLECTION

Mediterranean line of sun protection products with reliable UVA and UVB filters, extra virgin olive oil and cacao butter makes it the favourite and safe choice for the summer.

SUN MILK SPF 20, SPF 30, SPF 50

Sun protection milk offers protection to sensitive skin of face and body from the UVA and UVB sun rays. The protection is based on a combination of mineral and chemical UV filters and high quality natural ingredients, such as cocoa butter and extra virgin olive oil, that nourish, hydrate and care for the skin. Products are suitable for persons with fair skin prone to sun allergy. Pleasant coconut fragrance.

SUN CREAM FACE CREAM SPF 30

Sun Cream for sun protection with SPF 30 provides medium strong protection from UVA and UVB radiation, while nourishing extra virgin olive oil and cocoa butter care for the skin of the face and restore its elasticity. Suitable for dry, balanced and mixed skin types and it can be applied as base for makeup.

SUN STICK MULTI PROTECT SPF 50

Sun Stick Multi Protect SPF 50 is intended for face protection, the most exposed part of the body. It is the perfect companion for various sports activities such as swimming, cycling, hiking and skiing, when the face is exposed to the sun the most. Beeswax, lanolin, olive oil and cocoa butter make the base of the Sun Stick that provides high sun protection but also hydrates in depth, nourishes and regenerates the skin. Sun Stick prevents the skin from drying out and protects it from the wind and salt water.

SUN OILÉ SUNBATHING OIL SPF 10, SPF 30, SPF 50

Sun Oilé sunbathing oil protects the skin from the UVA and UVB rays. Thanks to high quality olive oil and cocoa butter it nourishes and cares for the skin and also enables even tanning. Oil is intended for persons with moderate tolerance to the sun, it is waterproof, absorbs quickly and makes the skin irresistibly soft and shiny.

SUN HAIR PROTECTIVE SPRAY

Protective oil hair spray, enriched with argan and macadamia oil, shields the hair from solar radiation, salt and wind. Includes SPF filters and creates a protective film on hair making this product perfect for use on the beach. Recommendation: apply the product just before swimming or sun exposure.

When it comes to sun exposure, protection against UV radiation in the form of a stick is also very convenient for the protection of tattoos and other parts of body that require special care and attention.

Sun protection products are only one segment of protection against solar radiation. Products need to be applied generously and evenly on skin before sun exposure and by repeating application after swimming, sweating or wiping with a towel or every 2 hours. Despite applied sun protection products, it is advisable to avoid sun exposure from 11 to 17 hours and wear a hat and sunglasses.

SUPER TAN COLLECTION

Sun exposure is no longer necessary for a tanned, sun-kissed look. Effective formulations based on the action of DHA, natural oils, and extracts will enable you to get a bronzed tan literally overnight while making your skin shiny and nourished.

SUPER TAN SELF-TANNING LOTION

Tanning lotion provides a natural tanned look and an even complexion, while the light texture enriched with natural oils, extracts, and beta-carotene hydrates and nourishes the skin. Skin gradually darkens within 6 to 8 hours and repeat applications until reaching the desired effect. This lotion does not have SPF and does not protect the skin from UV rays.

SUPER TAN SELF-TANNING MOUSSE

Tanning mousse has a light foam texture that absorbs quickly and is non-greasy. It is enriched with carrot extract and glycerin, provides a natural tanned look and even complexion. Skin gradually darkens within 6 to 8 hours and repeats applications until reaching the desired effect. It has a nice coconut scent.

How to use SUPER Tan products?

Prepare the skin by doing full body peeling, ideally 24 hours before use. Apply the products evenly starting at the feet, towards the highs, stomach, shoulders and neck. Pay special attention to skin folds and ankle, knee and elbow areas. Thoroughly wash hands after use. Take a shower after 6 to 8 hours when the colour has developed. Maintain tanned skin with lotion or body oil.

SUPER CARROT COLLECTION

Beta-carotene is the natural pigment that is responsible for the luxurious colour palette of yellow, orange and red fruits and vegetables. When it comes to our bodies, beta-carotene has antioxidative property and fights free radicals and it helps our skin attain a gorgeous tan. And that is why it is part of our product line!

SUPER CARROT ACCELERATED TANNING JAM

Accelerated tanning jam is enriched with natural carrot pigment beta-carotene that protects and nourishes the skin. Complex of rich natural carrot, walnut, olive and cacao oils that nourish, care for and protect the skin from further drying out. Recommended for persons who tolerate the sun well and want to intensify their skin tan.

SUPER CARROT ACCELERATED TANNING JAM SPF 10

Super Carrot Accelerated Tanning Jam is enriched with beta-carotene that protects and nourishes the skin. This complex of rich and natural carrot, walnut and olive oils and cacao nourish, care for and protect the skin from further drying includes SPF 10 for mild sun protection.

SUPER CARROT ACCELERATED TANNING DRY OIL

Dry oil for accelerated tanning is intended for boosting fast and intensive skin tanning. It is enriched with natural carrot pigment, beta-carotene. Absorbs easily, protects and nourishes the skin. This oil does not leave a greasy film and it is intended for persons who already have slightly tanned skin and want to achieve more intense tan.

SUPER CARROT ACCELERATED TANNING GOLDEN OIL

Super Carrot dry oil with golden shine accents bronzed skin tone and boosts accelerated tanning. This golden oil is enriched with olive, carrot and walnut oils that regenerate and protect the skin and boost accelerated tanning without the greasy feeling. Golden oil includes golden shine particles that subtly shine in the sun and accentuate tanned skin.

Products without SPF or with low SPF do not provide adequate protection for prolonged sun exposure. Before longer sun exposure and application of products for accelerated tanning we recommend applying milk or oil for sun protection. Avoid sun exposure between 11 and 17 hours. Excessive tanning can seriously damage your health.

SUPER CARROT LIP BALM SPF 20

Super Carrot Lip Balm has SPF 20 that provides medium sun protection. The rich combination of oils and carrot extract, olive oil, cocoa and calendula extract protects lips from drying out, nourishes and exposes their natural shine. Certified vegan product.

SUPER OLIVE SUN OIL SPF 4

This sun oil provides a nourishing combination of olive and almond oils that gently protects from the sun but also deeply nourishes the skin and gives it a healthy glow. Intended for people who have already spent some time in the sun and are not sensitive to the sun.

SUN KIDS COLLECTION

Protect the youngest with efficient, gentle and caring products based on mineral UV filters and nourishing natural oils, without added colours and fragrances.

SUN MINERAL KIDS SUN MILK SPF 30

This sun protection milk is based on the mineral UV filter that reliably protect from UVA and UVB rays and nourishes the skin. Hypo-allergenic and waterproof, Sun Mineral Milk does not include added colours and fragrances and it is enriched with squalane, almond and olive oils and cocoa butter. It is perfect for protecting gentle skin of children over 2 years of age or sensitive skin prone to irritation.

SUN MINERAL KIDS SUN MILK SPF 50

Sun Mineral Milk includes two types of mineral UV filters that provide high protection against UVA and UVB rays. Hypo-allergenic and waterproof, does not include added colours and fragrances. Sun Mineral Milk is enriched with squalane, almond and olive oils and cocoa butter. It is perfect for protecting gentle skin of children over 2 years of age or sensitive skin prone to irritation.

SUN MINERAL KIDS FACE CREAM SPF 50

Sun Mineral Kids Face Cream includes two types of mineral UV filters that provide high protection against UVA and UVB rays and nourishes the skin. It is perfect for protecting gentle skin of children over 2 years of age or sensitive skin prone to irritation as it is hypo-allergenic and does not include added colours and fragrances along with being highly waterproof.

SUN KIDS CREAM SPF 50

Apply evenly on skin before sun exposure and repeat application after swimming, sweating or wiping with a towel.

SUN KIDS SUN MILK SPF 30

Sun Kids Sun Milk with SPF 30 for intensive protection of children's sensitive skin of face and body from UVA and UVB rays. Includes high quality, extra virgin olive oil and cocoa butter. Apply evenly on skin before sun exposure and repeat application after swimming, sweating or wiping with a towel.

SUN KIDS SUN MILK SPF 50

Sun Kids Sun Milk with SPF50 for high protection of children's gentle skin from UVA and UVB rays. Includes high quality, extra virgin olive oil and cocoa butter. Apply evenly on skin before sun exposure and repeat application after swimming, sweating or wiping with a towel.

Sun Mineral KIDS collection is also perfect for protection of very sensitive, fair and reactive adult skin.

TREATMENT SHAMPOOS

FENUGREEK SHAMPOO

Treatment shampoo is based on the extract fenugreek seeds which alleviates hair loss, and in the long run it helps with hair growth. It makes hair fresh and voluminous. Gentle shampoo texture contributes to the volume and long-lasting hair freshness. It is enriched with panthenol for hydration and scalp and hair nourishment, and ideally it can be combined with Fenugreek and Rosemary Lotion Against Hair Loss.

BURDOCK SHAMPOO

The treatment shampoo is intended to alleviate dry dandruff and strengthen hair roots. Enriched with burdock extract and nourishing panthenol, rich and creamy texture of this shampoo gently cleanses the scalp and hair, soothes the skin and nourishes the hair roots. For even better effect, it is ideal to use it with burdock oil as a treatment before hair wash.

CASTOR OIL SHAMPOO

Scalp and hair treatment shampoo nourishes hair, contributes to better hair density and promotes better hair volume and healthy shine. Rich in castor oil and enriched with panthenol, gently cleanses hair without drying out. It is recommended to use it with Castor Oil as a treatment before hair wash.

NETTLE AND PEPPERMINT SHAMPOO

The treatment shampoo gently cleanses, and with long-term use has a beneficial effect on hair growth and scalp revitalization. Nettle extract, peppermint essential oil and panthenol promote hair smoothness and shine, strengthen blood circulation of the scalp, restore volume and leave a long-lasting feeling of freshness.

ANTI-FRIZZ EFFECT

SILK ON SILICONE HAIR SERUM

Silicone hair serum improves hair appearance and last of a hairstyle in a second, it eases hair combing, does not make the hair greasy and brittle and damaged hair looks shiny and flowy. This serum leaves a waterproof film on the hair, preventing loss of moisture and making hair less porous and prone to damage.

HAIR, SKIN AND NAIL CARE

ROSEMARY CLOVE SCALP OIL

Nourishing oil, based on the essential oils of rosemary and cloves, along with the massage, helps to improve better blood circulation of the scalp and faster hair growth. It contributes to a more pronounced density and volume of hair, nourishes and cares for it. No added fragrances. The product has a pleasant herbal-spicy smell. It may affect the shade of lighter hair tones.

AMLA HAIR OIL

Nourishing Amla oil enriched with vitamin E is intended for the care of weak and dry hair. It helps restore the strength and elasticity of the hair and contributes to softness and shine. It can be used as a treatment before washing the hair or for care after washing.

ARGAN MACADAMIA HAIR OIL

The combination of Argan and Macadamia oil enriched with vitamin E nourishes and nourishes the hair. It makes the hair look smooth and contributes softness and shine. Long-term use makes hair more elastic and resistant. It can be used as a treatment before washing the hair or for care after washing.

ARGAN OIL FOR SKIN, HAIR AND NAILS

Argan oil is intended for care of dry, damaged and oily skin because it regulates sebum secretion. It is perfect for strengthening brittle nails and for hair or beard treatments as it strengthens the root of the hair and protects it from splitting.

Oils for skin, hair and nails have multifunctional purpose and are suitable for care in various situations, from hair treatments before washing the hair to care of hair tips, nail cuticles and body skin in general.

AVOCADO HAIR OIL

Avocado hair oil is intended for damaged and dry hair. It regenerates coloured and bleached hair, gives the hair silky shine, colour and fullness. Avocado oil is rich in vitamins, lecithin and essential fatty acids and it nourishes the scalp and hair roots.

COCONUT AND CASTOR HAIR OIL

Cold pressed coconut and castor oils form a beneficial combination for hair strength and scalp vitality. Coconut oil is nourishing, easily enters the structure of the hair and absorbs quickly. Castor oil is thicker, nourishes the scalp and boosts hair growth. Best use this oil as hair treatment before washing your hair.

ALMOND OIL FOR SKIN, HAIR AND NAILS

Almond oil is rich in proteins and vitamin E that acts as a natural antioxidant and successfully slows down premature skin, hair and nail ageing. Skin absorbs this oil quickly which nourishes the skin and boosts regeneration.

BURDOCK HAIR OIL

Burdock hair oil is intended for dry and thinning hair. It prevents hair loss and dry dandruff and is the perfect supplement to burdock shampoo. Burdock acts anti-inflammatory and antimicrobial, especially in cases of seborrhoea of the scalp.

WALNUT HAIR OIL

Walnut oil is intended for darker shades of hair and it regenerates the hair and the scalp. This oil restores shine, fullness and volume of darker hair. Walnut oil is perfect for care of beards and moustache.

CASTOR OIL FOR HAIR, EYELASHES AND EYEBROWS

Castor oil is very rich and thick but very gentle on the skin. The oil stimulates growth of hair, eyelashes and eyebrows. This cold-pressed oil can be used on its own or as a treatment for faster hair growth when combined with other oils.

FENUGREEK AND ROSEMARY LOTION AGAINST HAIR LOSS

Fenugreek Seed Extract and Rosemary Essential Oil help promote faster hair growth and contribute to better density and volume of the hair. The light, liquid texture of the panthenol-enriched lotion absorbs quickly into the skin of the scalp and it nourishes the hair without greasing it. No added colors or fragrances. Apply the lotion on the scalp and massage gently. Allow it to stand for at least half an hour or longer, then wash and style the hair as usual. The treatment can be used depending on the need, before each wash or more often.

It's good to know! In order to achieve visible results, the lotion must be applied continuously for 2 to 3 months, with a scalp massage and additional changes in hair care that promote growth.

NATURAL SHAMPOOS

Natural shampoos are simple, minimalist formulations that do not include SLS, SLES, silicones, artificial fragrances and colours.

NATURAL SHAMPOO MINT AND LAVENDER

Natural shampoo cleans thoroughly and regenerates dry and damaged hair. Nourishing properties of mint and lavender essential oils provide the hair with shine and softness, protecting it from environmental influences and caring for the scalp.

NATURAL SHAMPOO ROSEMARY AND LEMON

Natural shampoo establishes the natural balance of the scalp and cleanses thoroughly. Rosemary essential oil soothes and lemon naturally regulates the oily scalp and nourishes the hair.

NATURAL SENSITIVE SHAMPOO

Natural Sensitive Shampoo is intended for sensitive scalp and it is suitable for daily hair washing. Cleans thoroughly and mildly, soothes itching and diminishes the unpleasant feeling of tightness. Regular use of this shampoo maintains natural balance of the scalp.

NATURAL DEO STICKS

100% natural and nourishing protection for the most delicate armpits, without aluminum salts, baking soda, and alcohol, available in recycled packaging! All of the above – with the NATRUE certificate for natural cosmetics!

NATURAL DEO STICK SEA BUCKTHORN AND ORANGE

The natural deodorizing stick gently neutralizes odors, keeps the skin dry and preserves the feeling of freshness throughout the day. It is enriched with nourishing Coconut and Macadamia Oils, Bambusa Arundinacea Stem Powder and the refreshing fruity fragrance of Sea Buckthorn and Orange.

NATURAL DEO STICK RASPBERRY

The natural deodorizing stick gently neutralizes odors, keeps the skin dry, and preserves the feeling of freshness throughout the day. It is enriched with nourishing Coconut and Macadamia Oils, Bambusa Arundinacea Stem Powder and the refreshing fruity fragrance of Raspberry.

NATURAL DEO STICK TEA TREE

The natural deodorizing stick gently neutralizes odors, keeps the skin dry, and preserves the feeling of freshness throughout the day. It is enriched with Tea Tree Essential Oil, nourishing Coconut and Macadamia Oils and Bambusa Arundinacea Stem Powder.

NATURAL LIQUID HAND SOAPS

Natural cosmetics of the top quality are not reserved only for facial care.

NATURAL LIQUID HAND SOAPS

Natural liquid soaps Lavender, Tea Tree and Buckthorn and Orange gently cleanse, hydrate and nourish the skin of the hands. Formulated without SLS, SLES, parabens, silicone, artificial fragrances and colors, they are ideal for daily frequent washing and maintaining adequate hand hygiene.

They contain glycerin and a gentle aloe vera extract, while tea tree essential oil also provides a natural antibacterial effect.

Because of their gentle formulation, natural liquid soaps are ideal selection in the everyday hygiene of the whole family.

HAND CREAMS

Quality care enriched with premium ingredients is always a good choice.

MOISTURISING CREAM FOR HANDS AND NAILS WITH CALENDULA

Moisturising hand cream with calendula nourishes the skin and it is perfect for daily care of all types of skin. Calendula extract found in this tried-and-tested formula regenerates damaged skin and nails.

MOISTURISING CREAM FOR HANDS AND NAILS WITH LAVENDER

Moisturising hand cream with Dalmatian lavender essential oil is intended for everyday care of dry hands. Rich and nourishing ingredients of this cream in combination with lavender provide additional protection, moisture and nourishment for the skin.

MOISTURISING CREAM FOR HANDS AND NAILS WITH ALMOND

Moisturising hand cream with almond gently moisturises and nourishes hand skin and natural almond oil provides in depth care, softens the skin and protects it from drying out. The cream absorbs quickly, provides a silky feeling of softness and contributes to strong and beautiful nails. It is perfect for everyday use after washing hands.

MOISTURISING CREAM FOR HANDS AND NAILS WITH OLIVE

Moisturising hand and nail cream with olive oil intensively hydrate the skin, deeply nourishes and softens it. The lightweight texture of the cream absorbs with ease, protects skin from drying out, and contributes to stronger and more beautiful nails. Economical packaging with a pump makes everyday use at home or in the office easier.

CONCENTRATE FOR HANDS AND NAILS WITH CALENDULA

Concentrate with calendula actively supports the deepest layers of dry, cracked and sensitive hand skin. Calendula extract and vitamin E regenerate damaged skin and slow down ageing process. This concentrate is perfect for evening care – apply only a small amount, it absorbs slower and remains on the skin for longer.

CONCENTRATE FOR HANDS AND NAILS WITH LAVENDER

Concentrate for hands and nails with Dalmatian lavender essential oil is intended for care and protection of dry, cracked and damaged hand skin. Special combination of natural oils, glycerine and vitamin E protects hand skin from drying out and the result are gentle and soft hands and strong and beautiful nails.

#KIDS CARE LINE

Products for children and teenagers are fragrant and have gentle textures and their formulations include only nourishing and safe ingredients such as wheat germ, camomile and lavender extracts, panthenol and aloe vera.

#KUPANAC SHAMPOO AND HAIR CONDITIONER

This mild hair shampoo, enriched with conditioner for easy combing, gently cleans children's and teenager hair. With panthenol and camomile that nourish the hair and soothe the scalp.

#TUŠIRANAC BATH AND SHOWER GEL

Bath and shower gel with gentle formula and pleasant fragrance guarantees showers and baths without tears. It does not dry out gentle children's skin because it includes aloe vera and lavender extracts.

#MAZANAC BODY MILK

This body milk cares for and nourishes gentle children's skin. With apricot oil and panthenol that regenerate skin lipids and natural balance of children's skin.

#RAŠČEŠLJANAC DETANGLING HAIR SPRAY

This spray with gentle ingredients and pleasant fruit fragrance helps detangle gentle children's hair. With wheat proteins that regenerate and nourish the scalp. Apply on wet or dry hair.

#MALAC UNIVERSAL CREAM HEAD TO TOE

This rich all-around moisturising cream protects and nourishes gentle children's skin and regenerates skin hydro-lipid barrier. Suitable for sensitive skin of face and body.

INTIMATE CARE AND PREGNANCY

Only the most gentle, carefully selected ingredients and formulations with optimized pH value deserve to be part of everyday intimate hygiene and care during pregnancy.

INTIMATE CARE LIQUID SOAP SENSITIVE

Liquid soap for intimate care Sensitive is suitable for everyday intimate hygiene of women and men. Enriched with calendula oil and lactic acid, this intimate soap is especially suitable for sensitive mucous membrane of the genital area. Suitable for use from early teenage years.

INTIMATE CARE GEL ANTIBACTERIAL

Antibacterial intimate care gel maintains natural freshness and cleanliness of intimate body parts for women and men. Antiseptic effect of the Australian tea tree and soothing chamomile contribute to the balance of natural micro flora and active action of the gel on the natural defense and acidity.

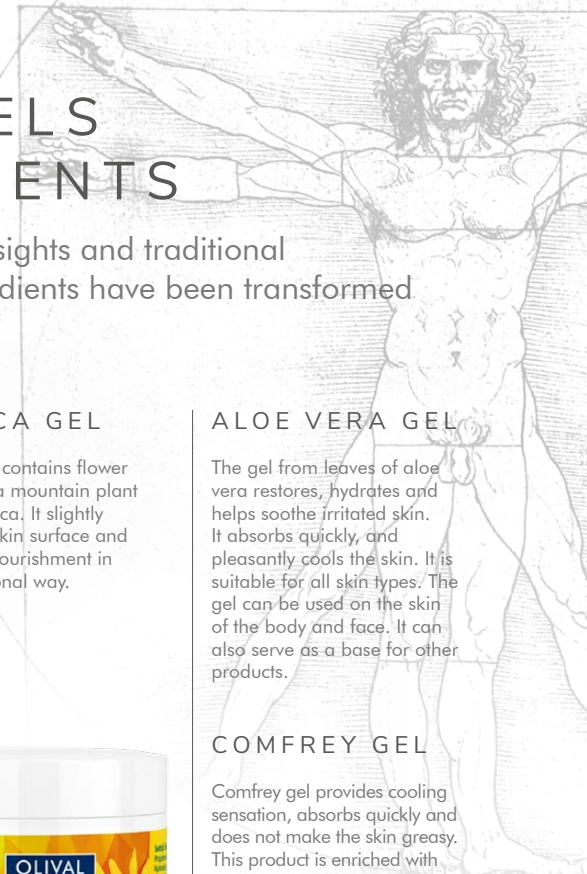

ANTI STRECH MARK OIL

Everyday body care with only few drops of oil will increase skin elasticity and reduce the possibility of the appearance of stretch marks during pregnancy. Main ingredients are natural nourishing almond, olive and wheat germ oils. Massage parts of body that are subject to stretching (abdomen, thighs and chest) with this oil few times a day.

TOPICAL GELS AND OINTMENTS

Valuable pharmaceutical insights and traditional knowledge on natural ingredients have been transformed into special care products.

CBD GEL

CBD gel contains 460 mg of cannabidiol. This gel contributes to relaxation and refreshment of tired legs, especially after increased physical activity. It's enriched with menthol that pleasantly cools the surface of the skin.

ARNICA GEL

Arnica gel contains flower extract of a mountain plant called arnica. It slightly cools the skin surface and provides nourishment in the traditional way.

ALOE VERA GEL

The gel from leaves of aloe vera restores, hydrates and helps soothe irritated skin. It absorbs quickly, and pleasantly cools the skin. It is suitable for all skin types. The gel can be used on the skin of the body and face. It can also serve as a base for other products.

COMFREY GEL

Comfrey gel provides cooling sensation, absorbs quickly and does not make the skin greasy. This product is enriched with comfrey root extract, menthol and camphor.

MAGNESIUM GEL

Magnesium chloride gel is intended for application on the skin, and due to its good absorption and quick action, it is used after sports activities. With a relaxing effect, it pleasantly cools and regenerates the skin.

MAGNESIUM SPRAY

A highly concentrated solution of magnesium chloride in spray is used for massage, ideally after various sports activities. After application, it provides a feeling of relaxation and revitalization.

HORSE BALM

Horse balm is part of traditional skin care. Horse chestnut extract in combination with menthol and camphor contributes to a slight cooling effect.

GLUCOSAMINE GEL

After intense physical activity, Glucosamine gel pleasantly cools the surface of the skin, it quickly absorbs and does not make the skin greasy. It is based on glucosamine HCL, menthol and camphor that help revitalize and nourish the skin.

ICE GEL

Ice gel cools the skin locally and is recommended before and after physical activity. It may cause slight redness at the site of application and, after cooling, a slight warming sensation.

HORSE BALM HOT

Horse Balm HOT cools the skin slightly after application, and then warms the surface of the skin. Horse chestnut extract and hot pepper extract provide a stimulating effect, and the gel is recommended before and after intense physical activity.

TURMERIC GEL

Gel based on the valuable turmeric plant has numerous benefits in body care. It is enriched with menthol and camphor. After application, it cools slightly, and then warms the surface of the skin.

CALENDULA CREAM

Use calendula cream for protection and care of normal, dry and cracked skin. Soothes, nourishes and protects the skin by regenerating its hydrolipid barrier.

RE - GEL

Re-Gel after application and light massage cools and then heats the skin surface. Natural extracts of horse chestnut and arnica in combination with menthol and camphor contribute to revitalization and skin nourishment.

VENOGEL

Venogel restores freshness to tired and heavy feet. Wild chestnut and calendula extracts in this gel have beneficial effect on the skin by light cooling and soothing effect.

DEVIL'S CLAW GEL

Devil's claw gel is enriched with devil's claw desert plant root extract and menthol. After application, it cools slightly, and then warms the surface of the skin.

GRAPEVINE GEL

The grapevine gel gently cools the surface of the skin, giving a feeling of comfort and relaxation with natural scent. Vine extract is traditionally used in gels, pomades, and ointments because of its nourishing effect.

PROPOLIS BALSAM

This ointment is intended for dry, damaged and cracked body and face skin. It is recommended for skin redness and skin irritations caused by environmental influences. Propolis, the main active ingredient, has a wide spectrum of beneficial medicinal properties.

HEMP OIL BALSAM

Hemp ointment has regenerative property and protects surface skin layers from drying out. It acts very efficiently against skin redness and irritations caused by external influences such as wind, heat or cold.

MARIGOLD BALSAM

Marigold balm stimulates skin renewal, it softens and protects the skin. It is used to treat the dry, rough and cracked face and body skin.

COMFREY BALSAM

Comfrey balm stimulates skin regeneration and prevents drying of the skin surface. It is recommended for the treatment of face or body skin dryness. It is not recommended to use during pregnancy and continuously for more than 14 days.

VASELINE

Vaseline is an all-around protective ointment that cares for and protects the skin from drying out and it soothes irritations. Intended for rough, dry and cracked skin of any part of body. Without fragrances and preservatives.

FOOT CARE

Restore feelings of freshness and lightness to your feet with a relaxing and fragrant foot care ritual.

FOOT CARE BATH WITH TEA TREE OIL

Foot bath with tea tree oil provides refreshment in a regular maintenance and foot hygiene. Essential oils of rosemary and tea tree contribute to the revitalization and help alleviate the appearance of sweating.

FOOT CARE STONE

Traditionally, pumice stone is the best stone for removing hard skin on the heels and its main qualities are sharpness, durability and robustness.

MOISTURISING FOOT AND NAIL CARE BALM

This balm for foot and nail care is enriched with tea tree and rosemary extracts. Tea tree is one of the most potent natural antiseptic ingredients and rosemary essential oil restores freshness and provides and pleasant scent.

INTENSIVE FOOT CARE CREAM

Intensive foot care cream efficiently targets hard skin on the heels. Concentrated active ingredient, benzoin resin, acts keratolytic and antiseptic.

NAIL AND CUTICLE CARE PEN

Pen nourishes and regenerates thin and fragile nails, but also softens the cuticle that runs along the edge of the nail plate. This care pen includes jojoba, macadamia and avocado oils that strengthen the structure of the nail and accelerate nail growth.

PEN FOR DAMAGED NAILS

Original formulation found in this pen for nail regeneration includes a combination of clove, Australian tea tree and lavender essential oils and salicylic acid that work together in synergy and regenerate nail structure and boost nail growth.

NATURAL REPELLENTS

Put a stop to incessant buzz using the strength of natural essential oils and enjoy the outdoors.

NATURAL DEFENSE ANTI MOSQUITO SPRAY

Natural Defense spray is a mixture of natural fatty and essential oils that nourish and care for the skin. Spray protects from all types of insects and pests such as mosquitoes and ticks. When applied, skin absorbs the product gradually, spray leaves a pleasant fragrance, hydrates and protects.

NATURAL DEFENSE KIDS ANTI MOSQUITO SPRAY

Repellent based on five essential oils protects from all types of insects and pests such as mosquitoes and ticks and leaves a pleasant fragrance. When applied, skin absorbs the product gradually, spray does not grease the skin or leave a film but protects and moisturises. Spray can be used on children from the 2 years of age.

NATURAL DEFENSE SOS GEL

Formulation of this SOS gel includes allantoin and camomile extract in an aloe vera gel that soothe and cool irritated skin after insect bites and stings. Soothes redness and itching. Apply on bite or sting mark as soon as possible, massage gently into skin and leave for the skin to absorb. Suitable for children and people with sensitive skin.

Natural Defense repellents offer 100% natural protection against mosquitoes and insects. Without DEET, parabens, silicone, artificial colours and fragrances. How the product, a mixture of natural oils, absorbs will depend on the quantity of product applied onto skin. Avoid application of product immediately before putting on clothes.

DEET FREE REPELLENTS

Safer and more effective alternative to conventional products for protection against insects.

PIQUIT ACTIVE 20% REPELLENT SPRAY

Repellent spray lotion based on 20% icaridine repels mosquitoes and other insects and provides up to 12 hours of protection. Perfect for travels and longer stays in nature. Without DEET, safe for children over 2 years of age, does not grease the skin and clothes.

PIQUIT EVERYDAY 10% REPELLENT SPRAY

Repellent spray lotion based on 10% icaridine repels mosquitoes and other insects and provides up to 6 hours of protection. Perfect for shorter stays in nature. Without DEET, safe for children over 2 years of age, does not grease the skin and clothes.

PIQUIT SENSITIVE 10% REPELLENT SPRAY

Repellent spray milk based on 10% icaridine, almond oil and aloe vera repels mosquitoes and other insects and provides up to 6 hours of protection against insect stings. Perfect for sensitive skin. Without DEET, safe for children over 2 years of age, does not grease the skin and clothes.

SPA MASSAGE OILS

High quality cold pressed oils make a good start to every relaxing routine.

SPA MASSAGE OIL FRESH

Fresh, light and lasting orange fragrance combined with cold pressed almond, olive and macadamia oils will refresh your energy and boost concentration.

SPA MASSAGE OIL RELAX

In combination with melissa essential oil, this beneficial combination of almond, macadamia and olive oils will relieve tension, bad mood and stress.

SPA MASSAGE OIL BASIC

Formula based on cold pressed almond and macadamia oils will relax the whole body and make the skin soft, nourished and supple.

Also available from Olival:

SPA massage oils Almond, Avocado, Lavender, Lemongrass, Jasmine, Coconut, Mint, Sesame, Ylang Ylang and Anti-cellulite.

SPA MASSAGE OIL BALANCE

Olive oil, a well known beauty ally, is combined with cold pressed almond and macadamia oils to relieve tension and relax and invigorate body and spirit.

Massage provides numerous positive effects on the body and the mind. It is not called the art of touch for nothing – this activity stimulates serotonin and endorphin production, hormones that are responsible for good mood and diminished feeling of pain. Apart from having positive effect on the whole body, massage with quality oils of natural origin nourishes your beauty and promotes skin health.
