

## 2021+ Ram 1500 TRX Front Sway Bar Links

King Shocks 12472 Edison Way Garden Grove, CA 92841  
714-530-8701 [www.kingshocks.com](http://www.kingshocks.com)

### Front Parts List:

- 2 – Front Sway Bar Links (21047-204)
- 1 – Hardware Kit (KH02-198)

### Tools Required:

Metric Wrench/Socket Set

**RAM 1500 TRX**  
OEM PERFORMANCE SERIES

**FRONT:** With the vehicle on level ground, set the emergency brake and block the tires for safety.

1. Sway bar links can be installed with vehicle on the ground (or while on a lift or jack stands – same procedure). First remove the lower nut using a 21mm wrench, you may need a 10mm wrench to hold the stud while removing nut.

**IMPORTANT:** Read all instructions thoroughly from start to finish before beginning the install. Check parts list and make sure all parts are included in the kit. If the instructions are not properly followed severe frame, driveline and/or suspension damage may result. Check for frame and suspension damage prior to installation.

This kit does not require welding. Do not weld on any component. Welding may void the warranty and/or cause the product to fail. If any parts are missing, or for tech assistance; Contact King Off Road Racing Shocks: 714-530-8701 Most important after the install, Feel the difference and have fun.
