## TOOLS REQUIRED (not included)

# Assembly - Cot

1

Bed base positions

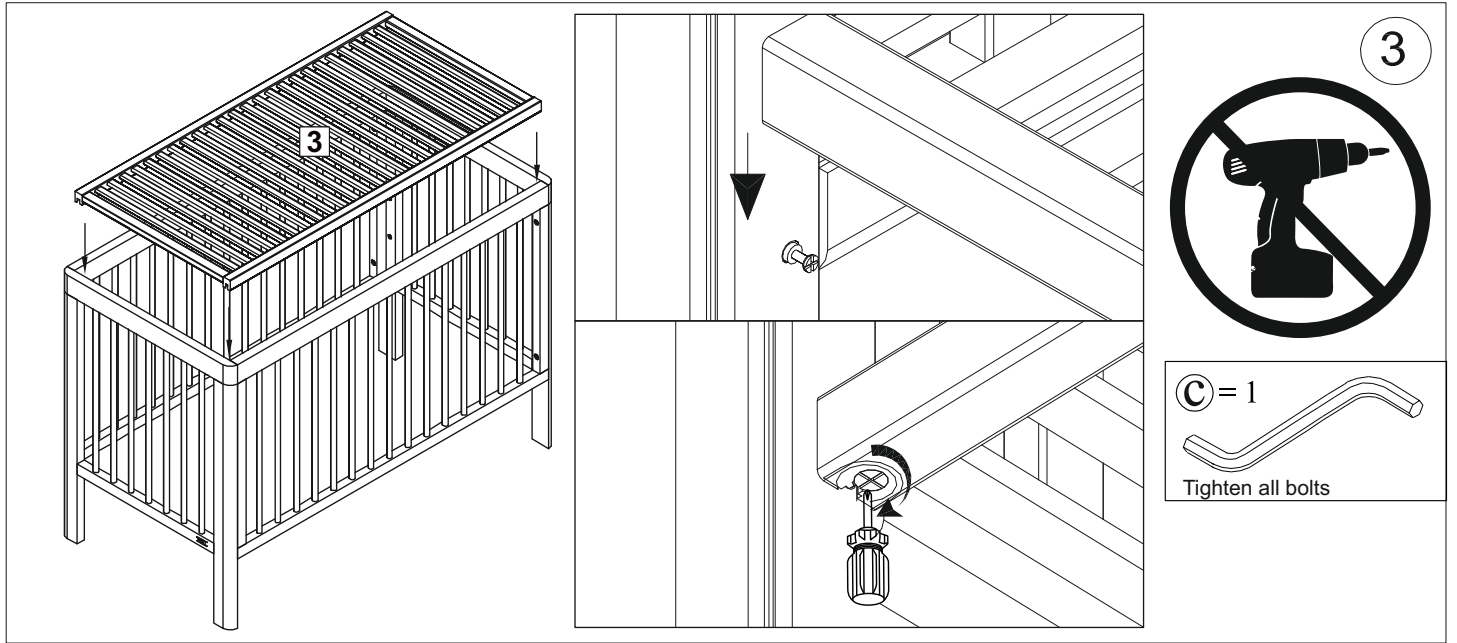

2

**WARNING!** The top of the mattress surface must not be higher than this mark!

# IMPORTANT RETAIN FOR FUTURE REFERENCE READ CAREFULLY

Your child's safety is your responsibility

Furniture can be dangerous if incorrectly installed, assembly should be carried out by a competent person

Follow the instructions in detail to ensure the safety features of the cot are not compromised

Take care when handling or moving furniture. Careless handling can cause damage

Keep children away during assembly as pack contains small parts which may present a choking hazard

Remove all parts from packaging and check against the parts list

Do not discard any packaging until you are sure you have all parts and the fittings pack

Assembly of the furniture will be easier with 2 people

**WARNING:** Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires, etc. in the near vicinity of the cot

**WARNING:** Do not use the cot if any part is broken, torn or missing and use only spare parts approved by the manufacturer

**WARNING:** Do not leave anything in the cot or place the cot close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords

**WARNING:** Do not use more than one mattress in the cot

The lowest bed base position is the safest. To prevent falls the mattress base of this cot should be adjusted to the lowest position before the child can sit up

The thickness of the mattress shall be such that the internal height (surface of the mattress to the upper edge of the cot frame) is at least 500 mm in the lowest position of the cot base and at least 200mm in the highest position of the cot base. There is a mark on the inside of the cot which shows the maximum thickness of the mattress to be used with the cot

The cot bed is designed to be used with a mattress measuring 1200mm long by 600mm wide and 100mm tall

The minimum size of the mattress to be used with the cot is 1170mm long by 570mm wide. There shall be no gap more than 30 mm between the mattress and the sides end ends in any position of the mattress.

To prevent injury from falls; when the child is able to climb out of the cot, the cot shall no longer be used by the child.

All assembly fittings should always be tightened properly and fittings should be checked regularly and retightened as necessary

Your furniture may be cleaned by wiping down with a damp cloth and dried with a soft, clean cloth. Do not use abrasives, bleach, alcohol or ammonia based household polishes.

The Cot is made to conform to safety regulation: BS EN 716-1&2: 2017
