# PDY POTATO

Premium Distiller's Yeast

For mashes containing at least 40% potatoes.

---

Produces smooth and neutral vodkas from starch.	Protects delicate aromas in light and dark molasses
---	---

---

## DOSAGE GUIDELINES

Use 1 yeast pouch for up to 23 liters (6 US gallons) of wort.

Slowly sprinkle the yeast on the wort, stirring constantly. Do not rehydrate before use.

## QUICK TIP

100% potato mashes can be messy and hard to deal with. PDY Potato is well-adapted to mashes that are a mixture of potato, light barley malts, and wheat.

## STORAGE

Store yeast in a cool, dry place.

Note the expiry date on the package. Do not use expired yeast.

Use immediately once opened.
