

ACCUSPLIT DUAL 5-Year Limited No-Proof-of-AND-Proof-of- Purchase Warranty™

ACCUSPLIT stands behind its products. Almost every ACCUSPLIT product includes our unique DUAL 5-Year warranty program. The warranty covers malfunctions and breakage occurring during normal usage of the product (However, it does not cover loss or breakage resulting from abuse or intentional misuse.). Should you experience a problem with your ACCUSPLIT product, here's how the program works (details follow).

1. **Check your product's warranty label** for effective dates and return address.
2. **Call ACCUSPLIT for return mailing address. If past the one-year FREE period, enclose the handling fee** (amount is shown on warranty label).
3. **ACCUSPLIT will repair or replace product and ship back to you.**
4. **Call or email if you have questions- 800-965-2008 / support@ACCUSPLIT.com**

Most ACCUSPLIT products have a warranty label. The label provides warranty program dates for your product, plus return shipment information. So, there is no need to keep receipts or other purchase documentation. (**NO PROOF OF PURCHASE**).

If you have a problem, check the warranty label. It will tell you if you are in the Free period or the Fee period. For stopwatches, the label is usually on the back of the case. For pedometers with covers, the label is usually applied beneath the display when the cover is opened.

If you purchase a product within or after the 1-year FREE period as noted on the label, then the **PROOF of PURCHASE** warranty would be advantageous for you. We will need a copy of your receipt or other purchase documentation. Your 5-year limited **PROOF of PURCHASE** warranty will begin from the date of purchase.

First year: During the first year of the warranty, return the product for **free** repair (wherever possible) or replacement. ACCUSPLIT will cover the *return* postage.

Years 2-5: During years two thru five of the warranty, ACCUSPLIT requires a small fee be paid for service. The fees start at \$10-check label for exact amount. ACCUSPLIT service staff will repair the product as circumstances permit, or else replace it with equivalent product. ACCUSPLIT will cover the *return* postage.

After five years: ACCUSPLIT often will still honor requests for product service, if the stated fee is enclosed, and the parts are available.

When returning product, please always include your name, phone number, and return address. Send product returns to:

AST Repair Center
