CHATSWORTH ROAD

Bay Curtain Measuring Guide

Please use a metal tape measure for greater accuracy and give all measurements in metric please!
Select which image is applicable to your window and enter the measurements below.

One Bend Bay

A - B =
B - C =
A - C =

Two Bend Bay

A - B = A - C =
B - C = A - D =
C - D = B - D =

Four Bend Bay

A - B = D - E = B - D =
B - C = E - F = A - F =
C - D = A - D = B - E =
C - E = C - F =

Continuous Curve

B - D =
A - C =

If possible could you please let us know the following too:

1. What type of curtain heading you would like?
2. Would you like the curtain to be floor length or to the windowsill?
3. Would you like the curtains to be simply lined, interlined or blackout lined?
4. Do you know what type of fabric you would like?

Please email your measurements, answers and any photos to: curtains@thehackneydraper.com.
We will get back to you with an estimate within 5 working days.

On acceptance of the estimate we will come and take a full site survey.

We can then discuss all aspects of your curtain order from poles and tracks to which fabric you would like.

If you have any queries please feel free to contact us.
