

# DEET-FREE

## 20% Icaridin Insect Repellent

**TotalSTOP** provides long-lasting, 12 hour effective protection from mosquitos and ticks, and 10 hour protection from black flies. These portable, individually wrapped wipes are not oily, greasy or sticky and they will not damage fishing lines, plastic or other synthetic materials. The unique foil package is water-proof and perfect for boaters, kayakers or any outdoor enthusiast.

**TotalSTOP's** active ingredient *Icaridin* is **recommended by the World Health Organization (WHO)** as the substance of choice for the prevention of malaria prophylaxis and is one of the **CDC-recommended, EPA-registered** insect repellent active ingredients proven effective in protecting against insects that carry both Lyme disease or the Zika virus.

Approved for use in 40+ countries, **TotalSTOP** is perfect for the whole family including individuals with skin sensitivities, **children 6+ months, pregnant and nursing mothers!**
