ROSLIN MACHINE

## KWÄD Pro

Patent No. 11,511,465

### Operating System

#### E-Hydraulic Pump

- Quiet operation meets OSHA regulations (80dBA)
- Ideal for applications where a remote control is required
- 2 speed operations allows for faster cylinder advance
- Full load starting capabilities
- Internal filter

### Key Features

- Automation: 4" Touchscreen
  - F.C.T. Software
- Innovative Heat Plate
  - Multi-bag square heat plate
- Rosin Collection Cavity
  - Higher Terpene & Flavonoid Preservation
- Flow Control Technology
  - Pouch Channels for fast release of rosin

### Specifications

- Power: 110v – 120v 1P 60hz
  - Input: 20A Output: 13.5A
- Pressure: 0-10,000 psi
- Heat Plate: 12" x 12"
- Flow Port: 3" x 3" Multi-bag
- Capacity: Per Bag: 40-60  
Per Press: 160-240 g
- Weight: 428 lbs
- Size: 18" (L) x 18" (W) x 31.5" (H)

## KWÄD

Patent No. 11,511,465

#### Hand Pump - BVA 2301M

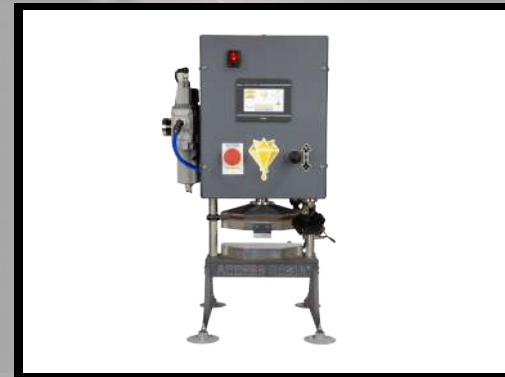

- Double-Acting
- Piston stroke: 0.82 10000 psi/in3
- Operating force: 99 lbs
- Reservoir material: Steel
- Oil outlet port: 3/8"-18 NPTF
- Weight: 32.34 lbs

# ACCESS ROSIN

## Rosin Presses

### S3 AIR

Patent No. 11,511,465

### Operating System

#### California Air Tool Compressor

- Maximum pressure of 125 PSI
- Runs on 110V/60Hz/1Ph
- Can be used with a 15-amp outlet
- 3000W generator and 14-gauge
- 100ft extension cord with GFCI
- Takes <4min to fill from empty to full
- Continually run for up to 8hrs at 90 PSI
- Weight: 114 lbs

### Key Features

- Automated or Manual
- Innovative Heat Plate
- Flow Control Technology
- Adaptive Scaling for KWÄD
- Benchtop Unit
- User Friendly

### Specifications

- Power: 110v – 120v 1P 60hz
  - Input: 15A Output: 5A
- Pressure: 0-10,000 psi
- Heat Plate: Trapezoid 36" sq.
- Flow Port: 1" Center: Single Bag
- Capacity: Per Bag/Press: 40-60
- S3 Weight: 53 lbs
- S3 Size: 14" (L) 12" (W) 25" (H)
- S2 Weight: 40 lbs
- S2 Size: 14" (L) 12" (W) 18" (H)

### S2 FLUID

Patent No. 11,511,465

#### Hand Pump - BVA P1000

- Single Acting
- Ideal tool for lifting & lowering loads
- Single-acting design
- Increased portability & convenience
- Delivering up to 10,000 psi of pressure
- Available in a larger size

# SMART AGITATION

WATER EXTRACTION SYSTEM

## 132 Gallon System

### Requirements

- Air Compressor
- Water Inlet
- Drain Outlet

### Specifications

- Power: 208v – 220v 3P 60hz
  - Input: 20A Output: 16A
- 7" Touch Screen LED
- Access Rosin® Software
- Pneumatic: 80-120 psi
  - Easy Material Unload
- Polyurethane Double-jacketed Tanks
  - Chiller Compatible
- Capacity: 2 Hours (+/- 30 min) Cycles
  - Live WPF: 105 lb/Wash
  - Dry: 25 lb/Wash
- Weight: 1900 lbs
- Size: 11'10" (L) x 5'9" (W) x 8'5" (H)

### Key Features

- Smart Agitation:
  - Auto Fill, Wash & Dump
- Innovative: Clean-In-Place System
- High-Volume Throughput
- Optimal Paddle Control
- Recirculating Mode
- Additional Automated Accessories Available

### Sieve System

## Freeze Dryer

### Large Stainless Pharmaceutical

- Item: Freeze Dryer/Lyophilizer
- Style: Bench/Table Top
- Holding Capacity: 6 Liters of Ice Capacity
- Temp. Rating: Collector Cools to 46°F
- Collector Material: Stainless Steel
- Drying Chamber: Included (Stainless Steel)
- Voltage: 110
- Weight: 143 lbs. Size: 20.25" W x 23.75" D x 30.75" H

### X-Large Stainless Pharmaceutical

- Item: Freeze Dryer/Lyophilizer
- Style: Bench/Table Top
- Holding Capacity: 12 Liters of Ice Capacity
- Temp. Rating: Collector Cools to 46°F
- Collector Material: Stainless Steel
- Drying Chamber: Included (Stainless Steel)
- Voltage: 110
- Weight: 258 lbs. Size: 24.3" W x 37.4" D x 35.6" H

## Chillers

### MTA Chiller 10 HP

- Luxurious, sophisticated chiller
- Achieve & maintain optimal extraction temps
- Perfect for any industrial or commercial space
- Elegant design and construction
- Performs to the highest standards
- A lifetime of superior cooling

### AR Freeze Glycol Chiller 10HP

- Highest-quality craftsmanship
- Unsurpassed refrigeration power
- For Solventless Extraction
- Ensure peak performance
- Accommodates a 3P 60 Hz power supply
- Designed for high-capacity operations

## Wash Bags

### All Mesh Wash Bag

Nylon Silk-Screen Micron Mesh "Wash" Bags

- 30" Diameter Bottom with Mesh Walls
- Color and Number Tag for easy bag selection
- Collar with pull lock to secure bag to tank
- High-Efficiency All Mesh
- Achieve cleaner extractions
- Optimized for cannabis processing

Mesh Size: 25um 45um 73um 90um 120um 160um 190um 220um

### Canvas Wash Bag

Black Canvas Walls

- 30" Diameter Bottom with Mesh Walls
- Color and Number Tag for easy bag selection
- Collar with pull lock to secure bag to tank
- High-Efficiency All Mesh
- Achieve cleaner extractions
- Optimized for cannabis processing

Mesh Size: 25um 45um 73um 90um 120um 160um 190um 220um
