

# Dirty Floors Are A Thing Of The Past!

# HYDRO-FORCE SX•15

Hydro-Force™ has done it again! Using the latest technology and feedback from customers, we've created the industry's most advanced hard surface cleaner. The SX•15 makes any hard surface job a breeze. Unique airflow system improves recovery of water and allows the SX•15 to be used with portables or truck mounts.

## See why professionals choose Hydro-Force SX•15

- Tool-less design makes changing the boots a breeze! EZ-LOC™ boot uses no screws or pop rivets, simply release three locking levers to change your boot on the fly!
- Includes both a hard boot and brush ring for smooth or rough surfaces
- Industry-leading 15" cleaning path allows you to clean 25% faster than 12" models. Less time = more money.
- Radial vacuum line provides for more even removal of water and soil than competitive designs so your floor dries faster
- Deck has a self-adjusting vacuum relief to prevent annoying sticking from excess suction
- Low profile allows the unit to fit under toe kicks
- Ergonomic design: the handles are spaced shoulder-width, lightweight construction makes it feel like the machine is floating along the floor and the length is just right for both tall and short people
- Durable handle with 2" vacuum all the way to the cleaning head for better air flow and faster drying
- Easy-access inline filter makes cleaning the filter a snap. Clean filters will prevent loss of water pressure and ensure your always getting peak performance.

Radial vacuum line

Quick change vacuum relief

Low profile (fits under toe kicks)

EZ-LOC™ boot (tool-less change)

15" cleaning path increases productivity
