

The Shoe Rescue Kit uses nano-technology to provide an invisible, breathable barrier that repels rain, snow and spilled liquids from leather and nubuck but, unlike other protector sprays, it contains zero toxins or chemicals.

So there's no more being forced to leave the house to use it to avoid breathing in the fumes. About time!

if you're looking for the perfect gift for the shoe lovers in your life, the new ShoeRescue Kit is a premium set of all-natural products to care for shoes & boots. It contains: a protector spray, wax, an applicator cloth, a pack of 5 ShoeRescue wipes and wooden suede brush. So basically, everything you need! It's ideal for gifts or stocking stuffers or just for trying out the different products yourself.

ShoeRescue kit -
ALL NATURAL (no harsh chemicals)
