

START WITH THIS CLOUD

Time to use your imagination! Where is this cloud? What is around it? What's inside of it? What is coming out of it? Where is it?

Directions:

1. Take a quiet moment to use your imagination to make up a story around this cloud.
2. Now draw what you are imagining. Where the cloud is and what is inside and outside of it. Is something coming out of it? Is it a cloud in the sky, or is it a puff of steam or smoke... or is it something else entirely? It's up to you!
