

Reference sizes for common gents vintage wrist watches

(1) Match printed reference:

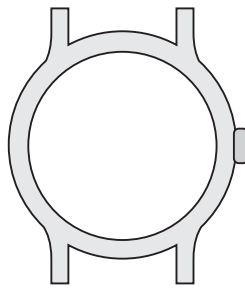

In printing preferences, make sure you choose 'uniform / actual size' option and **not** 'fit/shrink to page'. Then to make sure the printed page is in the correct scale, match with a ruler to the scale on the right.

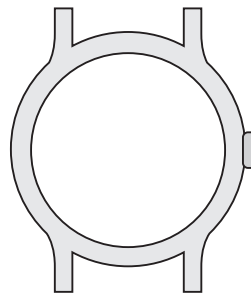

(2) Compare watch size:

Measurements shown refer to size of the exterior rounded frame, side to side, with the crown excluded.

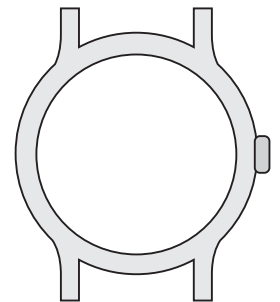

30 mm

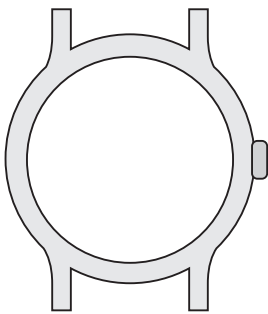

31 mm

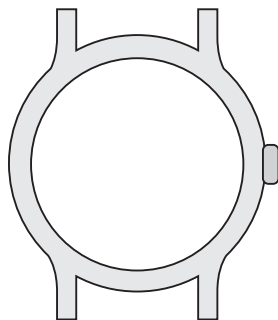

32 mm

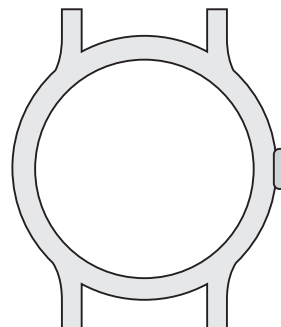

33 mm

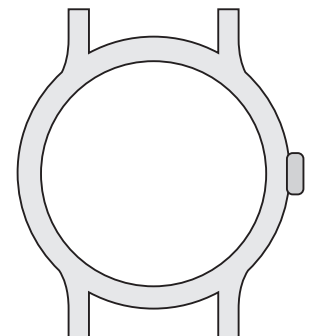

34 mm

35 mm

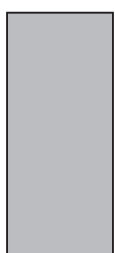

36 mm

(3) Band width sizes:
