- Follow the schedule for as long as you wish.
- Repeat a 3-week programme every 6 months.
- Add Master Detox Plus for 4 days around full moon.
- Add Herbal Fiberblend for proper bowel movement.
- Add Pharmawell Plus (to kill viruses, bacteria and fungi).
- Add Zeolite (to remove chemicals and heavy metals).
- Add L-Ornithine at bedtime for insomnia.

Try not to get interrupted before the 6th day, to ensure that adult intestinal flukes are dead. Then you may proceed more slowly if you wish. Many people with sensitive stomachs prefer to stay on each dose instead of increasing according to schedule. You may choose your pace after the sixth day.
