

Tinkle Belle

Tinkle Belle

The Best Stand-To-Pee Accessory

Patented and Patents Pending

- **Antimicrobial**
Nobody likes germs down there!
- **Anatomically shaped** to fit the female form. Watch our video on how The Tinkle Belle™ fits your curves on YouTube.
- **Works consistently and easily without leaking** or collapsing.
- **Foldable**, compact, discreet and easily portable.
- **Longer total length** to avoid splashing yourself. #SizeMatters
- Use **while fully clothed**, allowing for minimal exposure. No need to show all of your assets!
- **Reusable** and earth friendly!
- **Easy to clean** and it dries quickly.
- Soft, flexible, rounded lip for **extreme wiping comfort**, making toilet paper unnecessary.
- **Thumb rests** for proper placement and ease of use.
- **Hydrophobic!** The Tinkle Belle™ sheds liquid quickly and is non-absorbent.
- Engineered with a **durable hard shell** to direct more liquid volume without collapsing.
- Designed to **provide maximum volume** with less risk of overflow when you really have to go.
- Stylish **carrying case** is machine washable, and even has a carabiner!

Live your #LifeOutSTANDING

- Intuitive
- Antimicrobial
- Reusable
- Hydrophobic

9.0" LONG Baby!

How To Use The Tinkle Belle

1. Unfold The Tinkle Belle liner so that the spout is fully extended.
2. Move panties or clothing to the side or down.
3. Position the back of The Tinkle Belle under your urethra so that urine flows directly into the hard shell portion of the accessory. Most women find that the back edge of The Tinkle Belle is positioned under the center of the vaginal opening. Press the hard shell portion of The Tinkle Belle against your body utilizing the thumb rests for proper seal.
4. Make sure any clothing/fly/zipper is under the hard shell portion of The Tinkle Belle. Thumb rests should be accessible in front of clothing for a proper seal.
5. When properly positioned, the end of the spout should always be the lowest point.
6. Using thumbs for leverage on the two thumb rests, push down and aim. The fluid flows due to gravity. You can aim your urine stream with the flexible spout.
7. Relax and #letpeedomring.
8. When finished, do The Tinkle Belle Rock! Rock your hips forward to tip The Tinkle Belle downward.
9. To wipe, slowly pull The Tinkle Belle forward with gentle upward pressure utilizing the extreme comfort lip. #likeasqueegee This will catch any last drops and leave you feeling clean and dry.
10. Shake any remaining drops off of your Tinkle Belle Accessory.
11. To store your Tinkle Belle, fold back the soft spout under the hard shell and keep it in the supplied carry case. The spout can also be stored by folding it to the side, but it may maintain "fold memory." You can fix this by pinching it to the opposite side a few times to straighten the spout.

Enjoy your #lifeOUTSTANDING- get out and GO!

@TheTinkleBelle

Feeling nervous about your first try?
A great way to be confident in using
The Tinkle Belle™
is to start by practicing
in the shower.

Cleaning, Care, And Storage For The Tinkle Belle™ Accessory:

While on your adventure, you may rinse with bottled water, wipe with a disinfecting wipe, tissue, or shake and store until hot water and soap are available. If you have an infection, disinfect after each use. The Tinkle Belle™ is top-rack dishwasher safe. The fabric carry case is machine washable on warm and air dry, or machine dry on low heat. The best way to store your Tinkle Belle, fold back the soft spout under the hard shell and keep it in the supplied carry case. The spout can also be stored by folding it to the side, but it may maintain "fold memory." You can fix this by pinching it to the opposite side a few times to straighten the spout.

The Tinkle Belle™ is a product that supports the God Forgives Foundation. The Foundation is a non-denominational foundation that opens and maintains orphanages in second and third world countries around the world.

These children normally would not have a chance in life. Many of the children end up abused, being coerced or forced into sex trafficking or modern day slavery.

**The foundation has zero overhead
and zero administrative costs.**

In our view, it doesn't matter if you're religious or not, what political affiliation you are, what country you are in, your race, sexual orientation or what your socioeconomic background is. We believe that any and all children should have a good opportunity at life. We wish we could help them all and we're trying to do as much as we are able, one child at a time.
