#### INDEPENDENT AUDITOR'S REPORT

Tracy Cripe, C.P.A. tracy.cripe@mathewscripe.com

To the Board of Directors God's Word to the Nations Mission Society, Inc.

We have audited the accompanying financial statements of God's Word to the Nations Mission Society, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of God's Word to the Nations Mission Society, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Report on Summarized Comparative Information

We have previously audited God's Word to the Nations Mission Society, Inc's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 26, 2020. In our opinion, the summarized comparative information presented herein as part of the for the year ended, December 31, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

# God's Word to the Nations Mission Society, Inc. Notes to Financial Statements

For the Years Ended, December 31, 2020 and 2019

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### NATURE OF ACTIVITIES

God's Word to the Nations Mission Society, Inc. (the Organization) distributes bibles and scripture portions at no cost to U.S. military troops stationed both within the continental United States and abroad; as well as to First Responders, inner city bible clubs, abused women and children facilities, homeless shelters, various outreach activities in Appalachia; and ministries in prison, jail and juvenile correctional facilities throughout the United States. The Organization also sells bibles and scripture portions to the general public. The Organization's primary support is from direct-mail donor contributions.

#### **BASIS OF PRESENTATION**

The accompanying financial statements are presented on the accrual basis of accounting, and in accordance with FASB ASC 958, *Not-for-Profit Entities*.

The financial statements include prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended, December 31, 2019, from which summarized information was derived.

#### **CONTRIBUTIONS**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence or nature of any donor restrictions.

#### CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with original maturities of three months or less to be cash equivalents.

#### TRADE ACCOUNTS RECEIVABLE

Trade accounts receivable are reported at the amount management expects to collect from outstanding balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade accounts receivable.

#### PROPERTY AND EQUIPMENT

Property and equipment are carried at cost, less accumulated depreciation. The Organization follows the practice of capitalizing all expenditures for property, furniture, fixtures and office equipment in excess of \$500. Lesser amounts are expended. Depreciation is provided using both accelerated and straight-line methods based upon the estimated useful lives of the asset.

**Notes to Financial Statements** 

For the Years Ended, December 31, 2020 and 2019

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Furniture, fixtures, equipment and vehicles are depreciated over 5-7 years. Leasehold improvements are depreciated using the straight-line method over 39 years.

#### COLLECTIONS

Accessions of these collection items by the Organization are capitalized at cost, if the items were purchased, or at their fair value on the accession date, if the items were contributed. Gains or losses from deaccessions of these items are reflected on the statement of activities as changes in the appropriate net asset classes, depending on the existence and type of donor-imposed restrictions.

#### **INCOME TAXES**

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's forms 990, *Return of Organization Exempt from Income Tax*, for the years 2017, 2018 and 2019 are subject to examination by the IRS, generally for three years after they were filed.

#### COSTS OF JOINT ACTIVITIES

FASB ASC 958-720-50-2, "Accounting for Costs of Activities That Include Fund Raising", establishes accounting standards for recording costs associated with joint activities (activities which are part fundraising and have elements of one or more other functions, such as program or general and administrative). The pronouncement requires that the criteria of purpose, audience and content be met in order to allocate any portion of the costs of joint activities to a functional area other than fundraising.

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **RECLASSIFICATIONS**

Certain prior year amounts have been reclassified to conform with the current year presentation.

#### FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Fair value should be based on assumptions market participants would use when pricing an asset. Generally accepted accounting principles provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and the lowest priority to unobservable inputs [Level 3 measurements]. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets and liabilities that are required to be recorded at fair value on the balance sheet are categorized based on the inputs to valuation techniques as follows:

Level 1. These are assets and liabilities where values are based on unadjusted quoted prices for identical assets in an active market the Organization has the ability to access. As of December 31, 2020, there are no level 1 assets or liabilities.

Level 2. These are assets and liabilities where values are based on the following inputs:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

As of December 31, 2020, there are no level 2 assets or liabilities.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement. As of December 31, 2020, there are no level 3 assets or liabilities.

The carrying amounts reflected on the balance sheets for cash, receivables, and accounts payable approximate their respective fair values due to the short maturities of those instruments.

In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

#### L. SUBSEQUENT EVENTS (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.
