

Premium Laboratory Clamps

- Solid zinc die-cast construction made from Zamac 3 Alloy + aluminum alloy
- Complete non-ferrous construction; rust resistant and durable in even the toughest scientific environments
- Wide range of options for various laboratory applications
- High grade non-toxic powdered coating
- For additional Clamps and specifications visit eiscoindustrial.com

PREMIUM LABORATORY CLAMPS	
Code	Description
PRCMP01	Premium Clamp, 3 Finger, Vinyl Coated
PRCMP01BH	Premium Clamp, 3 Finger, Vinyl Coated, W/ Bosshead
PRCMP02	Premium Clamp, 4 Prong, Cork Lined
PRCMP02BH	Premium Clamp, 4 Prong, Cork Lined, W/ Bosshead
PRCMP03	Premium Clamp, 4 Prong, Vinyl Coated, On Rod
PRCMP03BH	Premium Clamp, 4 Prong, Vinyl Coated, W/ Bosshead
PRCMP04	Premium Clamp, 2 Prong, Vinyl Coated, 2x Adj
PRCMP04BH	Premium Clamp, 2 Prong, Vinyl Coated, W/ Bosshead, 2x Adj
PRCMP05	Premium Clamp, 2 Prong, Vinyl Coated
PRCMP05BH	Premium Clamp, 2 Prong, Vinyl Coated, W/ Bosshead
PRCMP06	Premium Clamp, 3 Prong, Vinyl Coated, 2x Adj
PRCMP06BH	Premium Clamp, 3 Prong, Vinyl Coated, W/ Bosshead, 2x Adj
PRCMP07	Premium Clamp, Long, 3 Finger, Vinyl Coated
PRCMP07BH	Premium Clamp, Long, 3 Finger, Vinyl Coated, W/ Bosshead
PRCMP08	Premium Clamp, 2 Prong, Cork Lined
PRCMP08BH	Premium Clamp, 2 Prong, Cork Lined, W/ Bosshead
PRCMP09	Premium Clamp, 3 Finger, Cork Lined
PRCMP09BH	Premium Clamp, 3 Finger, Cork Lined, W/ Bosshead

Premium Bossheads

PREMIUM BOSSHEAD - DIE CASTED

Eisco Industrial Series Right Angle Clamp Holder, made from high grade zinc alloy, finished in non-toxic powder coating with 2 stainless steel thumb screws.

- Threaded metal one piece clamping screws
- Able to hold rods up to 16 mm in diameter
- Holds rods orthogonal (90 degrees) to one another.
- All metal constructions to carry heavy loads and prevent torque damage

Code	Description
PRBH01	Premium Bosshead - Die Casted

PREMIUM BOSSHEAD - METAL

Eisco Industrial Series Mini All Metal Bosshead Clamp, for rods up to 15 mm.

- Threaded metal one piece clamping screws
- Able to hold rods up to 15 mm in diameter
- Great for when you need to connect rods and apparatus in tight places without sacrificing strength
- Holds rods orthogonal (90 degrees) to one another.
- All metal constructions to carry heavy loads and prevent torque damage

Code	Description
PRBH02	Premium Bosshead - Metal

PREMIUM BOSSHEAD - HEAVY DUTY

Eisco Industrial Series Heavy Duty Powder Coated Bosshead for rods up to 16 mm.

- Thicker than normal 7 mm threaded clamping screws
- Thicker casting to support more load
- Accepts up to 16 mm rods
- Made of high strength powder coated alloy
- All metal constructions to carry heavy loads and prevent torque damage

Code	Description
PRBH03	Premium Bosshead - Heavy Duty

PREMIUM BOSSHEAD - UNIVERSAL SWIVEL

Eisco Industrial Series Universal Swivel Bosshead for rods up to 16 mm, adjusts to any angle (dual 360° rotation of bossheads).

- Threaded metal one piece clamping screws
- Able to hold rods up to 16 mm in diameter
- Both bossheads can swivel 360 degrees
- Made of high strength powder coated alloy
- All metal constructions to carry heavy loads and prevent torque damage

Code	Description
PRBH04	Premium Bosshead - Universal Swivel

PREMIUM BOSSHEAD - SQUARE HEAD

Eisco Industrial Series Classic Die Cast Alloy Bosshead, for rods up to 15 mm.

- Threaded metal one piece clamping screws
- Able to hold rods up to 15 mm in diameter
- Holds rods orthogonal (90 degrees) to one another.
- All metal constructions to carry heavy loads and prevent torque damage

Code	Description
PRBH05	Premium Bosshead - Square Head
