GAME RULES

- 1 Each player takes an A, B, C and D answer card. Print as many as needed for participating players.
- 2 The player who is reading this is the quizmaster first.
- 3 The quizmaster selects a category and randomly draws a card from that section. They read the question and all four possible answers aloud.
- 4 All the players, except the quizmaster, answer the question answer the question by placing their A, B, C or D answer card facedown.
- 5 The quizmaster now reveals the correct answer (which is printed upside down on the bottom of the card underneath the question).
- 6 Players simultaneously show answer cards. Correct answers get one point.
- 7 The player to the left of the quizmaster is the new quizmaster and play continues.
- 8 First player to 10 points wins.
