- Never climb or hang on net or framework. Always keep net securely anchored with stakes or sandbags. Unsecured net can fall over causing serious injury or death.

**Assembly Instructions for
Backstop**

1. Hold Black hinges and place Orange Pocket on ground with Net spread out away from you. Then open frame laying both sides on ground

2. Open the two sides to a Vertical Position .

3. Holding the frame on the ground with your toes. Extend the side frames up until they Lock (click)

4. Next, continue to open both sides until they click. Then lay frame down on ground resting on rubber feet .

5. Take two of the thinner poles with couplings and join together (see A).

6. At the REAR of the net locate the orange sleeves and slide the poles down them, and into the tubes on the frame

7. Insert Poles tops.

8. Pull rear pole toward you so you can reach tops of the poles Push poles in (B) direction, whilst pulling net in (C) direction Place loops over poles tops.

9. Repeat with thicker poles down front Sleeves, Add top poles. Pull net towards you (using net itself) and connect loops over pole tops

9. Stake the Net to ground via Bungees, Finally attach either baffle to protect backstop.
