SVB5000 Shown with Optional ABC52 Lettering

SVB5000 Match Point™ Competition Outdoor Volleyball System

Sand volleyball can now be played at the same level as on the hardwood court... Rugged system designed for California-style power volleyball • 3½" posts are galvanized and powder coated for maximum rust resistance • Net is infinitely adjustable to insure exact net height for competition or recreational volleyball • Tightens with the same mechanism found on our Match Point competition systems • **Includes post padding, net and antennas** • Optional padding lettering or logo available for team or sponsor recognition (ABC51, ABC52 and ABC53) • Install permanently in concrete or use optional SVB210 ground sleeves • Five-year limited warranty.

Model	SVB5000 Components	Warranty
SVB50-S	Competition Outdoor Volleyball Standards	Five-Year Limited
VB1250KU	Competition Net	One-Year Limited
VB13	Sideline Antennae	90-Day Limited
VB51P	Post Padding (see page 96 for colors)	90-Day Limited Outdoor

SVB5050 Outdoor Volleyball System
Same system as SVB5000 except without antennas and padding...Five-year limited warranty.

SVB500 Court Adder for SVB5000 or SVB5050

Designed for adding additional courts with a single post... Includes post, net tensioning and adjustment mechanism • Other components sold separately • One SVB500 adds one side-by-side court, order multiple SVB500s to add more courts • Five-year limited warranty.

SVB210 Ground Sleeve (not shown)

For removable installation of SVB5000, SVB5050 or SVB500... This steel sleeve, buried in concrete, allows for easy removal of posts when not in use • When installed according to instructions, the top of the sleeve is approximately 6" below the top of the sand, so sand can be used for other activities • Durable molded plastic cap keeps sand out • Each system requires two sleeves.

SVB2000A

SVB2000A Aluminum Recreational Volleyball System

The perfect volleyball system for playing in the sand or grass whenever the goal is fun...

Recreational leagues, beach resorts, campgrounds, playgrounds, parks, school yards, any place where a group gathers to play volleyball • 3½" diameter aluminum extruded posts permanently install in a 30" deep x 8" diameter concrete footings or can be installed using VB21 ground sleeves (optional) to allow easy removal of the poles when not in use • Rigid, lightweight aluminum is 100% rust-proof • Net is infinitely adjustable from men's competition volleyball height, 7' 11½", to as low as 42" tennis height • Poles are capped to keep out moisture • Crankless net tightening • Powder coated finish • Includes net with fluorescent top tape and all necessary hardware • Two-year limited warranty on standards.

SVB08 Recreational Volleyball Net
Official size 32' x 36" nylon net with

fluorescent top tape for maximum visibility... Nylon top rope • Black webbing • Fits SVB2000A and VB0050 Bison systems and most net games • Weather-resistant • Net color subject to change • 90-day limited warranty.

VB21 3½" Round Ground Sleeve

These aluminum ground sleeves allow removal of your SVB2000A aluminum volleyball system... Sleeves mount permanently in a 30" deep x 10" diameter hole filled with concrete • Cap keeps out rain, snow and dirt • SVB2000A requires two sleeves, each sold individually.
