LITTLE DARLINGS
Christmas
SOFT BOOK

Notions

- 1-yard medium weight interfacing (non-woven/non-fusible) or iron, stable batting. This is noted as "fleece" in instructions.
- Thread

Notes

- Front/back cover block and page 1/10 block are slightly larger than inner book pages.
- Read instructions thoroughly before starting.

Instructions

1. Cut all page sections 1/2" from outer edge. There are (6) page blocks to create (3) book sections. Be sure to attach a temporary label to the center of each page with page number prior to sewing.
2. Using the cover block as a pattern, cut (3) layers of filler.
3. With right sides together, create the following sets:
 - Cover block with page 1/10 block - Set #1 (Diagram A)
 - Page 9/2 block with page 3/8 block - Set #2 (Diagram B)
 - Page 7/4 block with page 5/6 block - Set #3 (Diagram C)
 Layer each set with filler on the bottom. Pin all layers together.
4. Using 1/2" seam allowance, stitch around each book page set leaving an opening for turning as noted. Trim any excess filler and grade seams, if desired. Turn pages right sides out and press well. Stitch opening closed. Top-stitch, if desired.
5. Assemble the three sections as follows:
 - Place Set #1 with cover block face down; block 1/10 facing up.
 - Center Set #2 on top of #1 with block 3/8 facing up.
 - Center Set #3 on top of #2 with block 5/6 facing up.
6. Lightly mark center (spine) of each page set. Pin or baste on marked line through all layers to secure pages. Machine stitch on center line and remove basting, if needed. Remove temporary page labels (Diagram D).
